Saunders Plans Changed Policy In New Council

Open Meetings To Be A Feature—Will Hold Bi-weekly Sessions

Robert Saunders, President-elect of the Student Government, announced at his recent meeting that the new council would hold open meetings every other week. Although some students were favoring such an arrangement, Mr. Saunders stated that he thought it would be best for a new group to meet at all.

He said that he was looking forward to the new council getting under way.

Edith Milliken State Student Gov't. Policy

The position of the student government, according to Mr. Saunders, would be to be the focal point of the student activities and to be a source of information for students. The council would be responsible for the execution of policies set by the student government.

Peace Propaganda

There has been a marked and vigorous movement during the last few years in the building of an international spirit of harmony and understanding. This is no doubt of the greatest importance to everybody—notably world peace. The subject is a complex one, but in essence it involves a sincere wish on the part of so many individuals and organizations to create a better understanding among peoples.

College students of today are vitally concerned with the great problems of our day. Here at Skidmore, as in other schools, there is a strong movement in the direction of fostering a spirit of international cooperation and understanding. This is not merely a matter of the study of the arts and sciences, but of actual participation in the activities that promote peace and understanding.

Frequently, we read of steps that are being taken by the United Nations and other international organizations in an effort to bring about a better understanding among nations. It is of particular interest to note the strides that are being made in the realm of education, where the aims of the United Nations are being strongly supported. It is hoped that the efforts of these organizations will be successful in bringing about a greater understanding among people, and that the principles for which they stand will be accepted by all.

Our sincere thanks go to those who have helped us through a trying period. We are awaiting news from the front, and we have a great deal of confidence in the United Nations and the work they are doing. Their efforts are needed more than ever, and we urge everyone to support them in every way possible.

Musical Notes

The first outside trip of the season scheduled by the Drama Club was held in the St. Louis area on Thursday, May 31st. The students were taken to a professional play that is currently being performed.

The Drama Club is planning another trip in the near future. The students are very much interested in the work of the club and are looking forward to the next trip.

Debating News

An intercollegiate debate before the Ohio Bar Association was held recently. The students from our school were well represented and acquitted themselves very well.

The debate was held in the St. Louis area on Saturday, June 2nd. The students were well prepared and the debate was a success.

The students are looking forward to the next debate and are making plans for it. They are very much interested in the work of the debating team and are looking forward to the next debate.

The next debate will be held in the St. Louis area on June 10th. The students are very much interested in the work of the team and are looking forward to the next debate.

**COME AND GET IT**

By Edna Petra

The story of Wisconsin's woods and Wisconsin timber days and a trip to the north woods and visit to the lumber camps. It is a story of adventure and romance, with vivid descriptions of the wilderness and its inhabitants. The book is recommended for those interested in nature and adventure stories.

**STATE HOUSE OF MONTAUK**

**The New York Times**

**SYMPOSIUM ON MEDIA**

By Otto Donnes

There are taken up in these pages the chief persuasive elements, and structure of the argumentative writer, and the subtleties of the dialectical writer, and the subtleties of the effective speaker. The book is recommended for those interested in rhetoric and debate.

**POLICEMEN OF IDEAS**

By Sherman G. Glacken

Typically, the role of students in the eleventh hour education is that of the audience. As a reader, one is likely to find himself thinking, "I wonder if the author has ever considered..." The book is recommended for those interested in the history of ideas and philosophy.

Once more the historic Pictes Bays will be run this spring with each six-weeked Bates quartet competing. Although the title trials were undefeated in two years at the Boston Garden last winter and is capable of tying the facts that two of their runners are middle distance men and should be training for longer events, seems to be a fair guess to keep the team going. However, it seems pretty certain that Tony Kishon, and Larry Johnson, weight stars will keep the Bates traditions going.

Amnest Strongest Opponent

Of the teams that Bates would have to run against the best was the project. The first game of the year was won by New England 5-0. Last year's Freshman, the late Bill Dow, was the third highest scorer, and the whole team was the best Bates had. This year the team is the strongest opponent, and the last game is the top of the season. For the first time in the history of the New England, the third highest scorer is the last year of training, will be awarded to:

Stanton Woodman '20. This number will be giving out awards to the three upper
