Grateful, Ought We Feel

I T WAS only some three years ago that Bates did away with the Freshman rules. At that time the dominant idea was that we were young, not old, and that we should be given the opportunity to grow. Our Freshman rules were lifted, it was reported that some seven dormitories were opened, with such rooms as “molasses and feathers” and forced to parade. A state of general excitement and civic pride was achieved.

For the time we could subordinate the affairs troubling our minds to the business of making our way in the world. The so-called “social and civic ambition” of our forefathers might be a subject for discussion, but not for the achievement. It is the achievement, we were told, that must be accompanied by childish material destruction. We were told we must forget all these things. For the time being, we might get along in the world, or try to blind our fellow men with chemicals.

It is true that a number of our college students, some of them only a few years ago who had the perseverance and determination to get our way, are taking in the direction of peace and war. But for the time, we could subordinate these affairs to the business of getting along in the world.

Their thrilling accomplishments of last weekend plus the parades on Main Street, and the student activities, we are told, must be inherent in the student body out of which the college is formed.

Do you know how you fellow Americans were able to get along in the world? You were able to get along in the world because you could subordinate the affairs troubling your minds to the business of getting along in the world. You were able to get along in the world because you were able to subordinate the affairs troubling your minds to the business of getting along in the world.

Orphic Society lost some very talented chaperons and guests galore, but the U.S. had a grand evening. The concert was a success, not only musically, but also commercially. The students, we should be conscious of the fact that they can subordinate the affairs troubling their minds to the business of getting along in the world.

We should be conscious of the fact that we can subordinate the affairs troubling our minds to the business of getting along in the world. We should be conscious of the fact that we can subordinate the affairs troubling our minds to the business of getting along in the world.

The Student

And the World

The Chinese are the first to say that it is not what you know, but what you can do with what you know. The Chinese are the first to say that it is not what you know, but what you can do with what you know.

For the time, we could subordinate the affairs troubling our minds to the business of getting along in the world. For the time, we could subordinate the affairs troubling our minds to the business of getting along in the world.

The Bates Student, Wednesday, May 1, 1935
Frosh Collect Track Victory Over Bridgton

Luukko Scores 19 Points
Cook Takes Three First Places

Wrestling eleven out of fourteen events, the Reford brothers defeated Bridgton Academy, 70-47, in a dual meet at Groveton field last Saturday. The Frosh, who were selected as the home team, got victory for the first-year men, whose stands have been constantly boosted by the senior Captain, Fred Aaskov, of Groveton. Charles Cook was the Frosh team leader and took the sports second and third place points individually.

In track and field, the Frosh was the star of the Bridgton affair, adding to the evening triumphs of Fred Aaskov, who scored nineteen points with victories in the broad jump, and Charles Cook, who scored in the high jump. Charlie Cook accounted for three more points by taking first place in the 440-yard run and the pole vault.

The outstanding accomplishments of these two, however, could not mask the initial competitive effort of the Frosh, who broke through victory as a team. Taking the third position behind Leard and Chal. Cook in the 100-yard dash, Cookman pulled into first place before the halfway mark was reached, and had a good shot at the victory up to the vicinity of the Airport field. Under pressure of the two seniors, Cookman's time was 10 3-5 seconds.

English Harold Anderson was the only senior replicating the abilities of the Frosh junior, tying with the quarter in a 10 second leg, and coming back to the first place with a time of 10 2-5 seconds. It was the second leg, with Cookman in the lead, which clinched the victory for the Frosh.

The following Frosh students broke through the Bridgton champs in the following events:

High Jump—First, tie between Wiil and Davis, Bridgton; second, Luukko, Bates; third, Burnap, Bates. Time, 2 minutes.

Broad Jump—Won by Luukko, Bates; second, Paladine, Bridgton; third, Scott, Bates. Distance, 13 1-2 feet.

100-yard Dash—Won by Keck, Bates; second, Luukko, Bates; third, Burnap, Bates. Distance, 10 1-2 seconds.

440-yard Run—Won by Aaskov, Bridgton. Time, 44 1-2 seconds.

Javelin—Won by Luukko, Bates; second, Wilson, Bates; third, Pilcher, Bates. Distance, 118 feet, 9 inches.

Discus—Won by Cooke, Bates; second, Wilson, Bates; third, Thomas, Bates. Distance, 96 feet, 2 inches.

Hammer—Won by Cooke, Bates; second, Wilson, Bates; third, Thomas, Bates. Distance, 75 feet, 3 inches.

12-pound Shot Put—Won by Cooke, Bates; second, Wilson, Bates; third, Pilcher, Bates. Distance, 50 feet, 4 inches.

Sprint Hurdles—Won by Aaskov, Bridgton; second, Cousin, Bates; third, Pilcher, Bates.

Track Victory
Winning eleven out of fourteen events, the Frosh brothers defeated Bridgton Academy, 70-47, in a dual meet at Groveton field last Saturday. The Frosh, who were selected as the home team, got victory for the first-year men, whose stands have been constantly boosted by the senior Captain, Fred Aaskov, of Groveton. Open Meetings
The first open meeting of the Student Council will be held on Thursday, May 11, in the Hotel, under the discretion of the president of the organization.

A man who visited a Chesterfield factory recently, said: "Now that I have seen Chesterfields made, I understand better than ever why people say Chesterfields are milder and have a better taste."
