First Chapel Talk Concerns Self Reliance
Rev. Schroeder Of Portland, Pres. Gray Delivers Speeches

"One cannot help wondering whether certain administrative men in this group, men who do not look beyond their own porches, would not suspect that we spend a great deal of time and money in the planning and execution of a program that is quite different from the requirements of the social atmosphere. We are building in this university a life not only on the campus, but in the community, a life not only in business, but in the service of the community, a life not only in the classroom, but in the laboratory, a life not only in the laboratory, but in the gymnasium, a life not only in the gymnasium, but in the field, a life not only in the field, but in the home."

Japanese Student Welcomed From University at Tokyo

Among the students entering Bates College this year was Dr. Hirasawa, a young Japanese man, who entered as a Freshman. He is a member of the Class of 1916. Dr. Hirasawa has come to Bates College in order to make himself a college student and to improve his knowledge of English. He is now living in the college dormitory, where he is receiving religious instruction and studying his English. He is a member of the class of 1916 and is a native of Japan.

TO MOTHERS OF FRESHMEN

TO MOTHERS OF FRESHMEN

We are very pleased to be able to convey to you the news that your sons have entered Bates College as Freshmen. It is our hope that they may be able to make the most of their education and that they may be able to live up to the expectations that you have for them.

We hope that they may be able to make the most of their education and that they may be able to live up to the expectations that you have for them.

Stanton Ride Will Be Held Week From Coming Saturday

Historic Event In Memory Of Uncle Neddy An Old Bates Tradition

The traditional Stanton Ride ride will be held this Saturday. This Ride dates back more than 60 years. The tradition started when one of the old Bates professors decided to give the students a ride up to the summit of the bluffs of Bates. The ride was held to commemorate the death of a former Bates student who had been killed in a plane crash. The Ride was first held in 1920 and has been held every year since then.

Dear Students,

I am writing to announce that the Stanton Ride will be held this Saturday. The Ride is a tradition that started more than 60 years ago, and it is held every year to commemorate the death of a former Bates student who had been killed in a plane crash. The ride is held on the day of the former student's death, which is January 15th.

The Ride is open to all students, and it is a great opportunity to see the beautiful views of the bluffs of Bates. The ride will start at 10:00 AM, and it is recommended that you arrive at the starting point at least 15 minutes before the start time. The starting point is located on the north side of the campus.

I hope to see many of you out there for the Stanton Ride. It is a great tradition, and I am sure that you will enjoy it.

Sincerely,

Harrrier Squad

After a year's rest from cross country a study of the leading track men's

averages this year shows that Bates men have the potential to

compete in the main events. The injury to Al Johnson in the meet

against Pennsylvania is expected to be a setback for the Harrrier team,

but the others are expected to perform well.

football men in matters other than football. After a great deal of rumors

and whether or not they were to win or lose, the team had the

dropout hockey from its athletic program. Hockey was never a major

sport in the Bates,

but it was always a team that was respected by its opponents.

The pleasing aroma and flavor of Turkish tobacco is almost necessary if you want a good cigarette.

Turkish tobacco is more costly when you take into account that you have to pay 35c a pound duty, but we have to have it to blend with our mild ripe home-grown tobaccos.

It helps make Chesterfield milder, it helps give them better taste. Just try them.

We have on hand at all times for

The leaves of Turkish tobacco are strong one by one like leaves of a
