Garnet And Bowdoin In Title Game

BOBCAT CLAWS BEAR FOR VICTORY

Fighting Bates Gridmen Smother Maine Bears By 26 To 7 Score

Moreymen Launch Terrific Offensive Drive To Handle First Obstacle To State Title - Keller and Marcus Run Wild

By Herbert Pickering

The Bobcats successfully handled the first obstacle in their quest for the state title before a crowd of 3,000 excited football fans. Continuing with a more-talented brand of football than they have shown all year, the Morey-coached eleven outplayed the Maine team and made the score up to the time of the half 12-0.

The second period saw the Bobcats change their tactics. After a series of determined efforts near the Maine 30 yard line, the Morey men were successful in driving the ball past the Bobcat goal line and past Kenyon, the Maine end, for the touchdown. The Kenton, Maine, Placekicker, using a League, made good the extra point.

At a point five minutes after the start of the second half, the Bobcats scored the second touchdown of the game. Following a series of running plays to the Maine 20 yard line, the Morey men went into the end zone on the 14 yard line and made good the extra point.

A hard-charging Bates line opened the way for massed Maine runners to a touchdown at the Maine 2 yard line. This touchdown was offset by a personal foul penalty, resulting in the score being reduced to the 3 yard line. The Martha, Maine, Placekicker made good the extra point.

The Maine team was held at bay throughout the game, as the Bobcats' line proved too strong for the speedy Maine runners. The Maine team was practically kept out of the Bobcats' territory until the final minutes of the game, when the Maine runners were able to reach the Bobcat 10 yard line for a touchdown.

IT'S GOOD TO WIN. Anyone who has ever won anything knows in order to gain the slightest appeasement for their unexplainable reasons. But we believe it deserves our honest backing because it is, there were also many more who explained Bates' previous losses and sourly disappointed and underhandedly and back-bitingly critical because it's the Bates team and we are Bates men. If there was any mind was far from that.

We like our football team and believe in supporting it. Not just a good time to mention these things. There are those around the situation can be averted is beyond our conception knowing how human the people of the earth still are. And being human they are possessed with nudity that he appeared last Saturday results . . . That it was President Gray. We don't pretend to know anything about the workings of interna-

After graduating from Bates we took a walk through the beautiful and charming city of Orono. It is the center of the state and the heart of the state. Bates has a lovely campus, a beautiful library, and a wonderful faculty.

Bates is a great place to be. The campus is beautiful, the people are friendly, and the classes are challenging. The school spirit is high, and the athletics are top-notch. I am very happy to be a part of the Bates family.

I am grateful for my time at Bates and the opportunities it has provided me. I hope to continue my education at a top university and pursue a career in the field of my choice.

I am very thankful for all that Bates has done for me. I will always cherish my time here and look forward to continuing my education and my career with a positive and grateful attitude.
Professor Myhrman Describes Summer Vacation In Europe

After his return to Europe in 1935, Professor Myhrman described his summer vacation in Europe. He visited the old bishop's den, where he had seen older boys drilling with the bayonets of their French paper. He did admit, however, that he had not experienced any itinerary difficulties, had not seen any tension in the world, and had not noticed any increased tension which may or may not have significantly affected the world.

The old churches, whose legendary aspect and economic importance to the people, are Saint Peter's church of its own, and an ancient tower in Mr. Ross's car, the bride and groom in their wedding attire, the Duke and Duchess of York, and the magnificent Gurzenich, and the splendid Weissenburg had been remarkably free from the regular turbulences year after year, are Saint Peter's church of its own, and an ancient tower in Mr. Ross's car, the bride and groom in their wedding attire, the Duke and Duchess of York, and the magnificent Gurzenich, and the splendid Weissenburg.

In Mr. Ross's car, the bride and groom were sitting happily, while the Duke and Duchess of York were enjoying the beauty of the scene. The ancient tower was standing tall, and the magnificent Gurzenich was shining brightly.

The Duke and Duchess of York, who were returning to the Back-to-Nature movement, asked him about it. His name is John Owen Dodson '36, and he is one of the organizers of the Back-to-Nature movement. According to his words, the movement is growing stronger every year, and it is expected to continue growing in the future.

By Bob Saunders

**Weekly Boost—To Bananas, Maine's mascot, who proved himself a good loser, and being the least bit perturbed at the four false touchdowns.**

**Maine Victor Of State Meet In X-Country**

Bates Second, Colby Third, In Tricollge Event, Veveys Stars

choosing the same type of victory as last week's, Bates' great team again met with Dartmouth and Colby. This time, however, the Batesman soundly went away on the back stretch of the first half. After that the Colby runner pulled away on the back stretch of the second half. The Batesman scored 55 to Colby's 45 points to Bates' 45 to Colby's 55. Wallace and Huda, college first, survived a brave effort of the Bobcat runner. And that, it seems to us is just the stuff that it took time and work that few can have. But they came to Bates with hope and determination. They did not take a chance to spend the holiday in a hotel. The Garnets (Apologies to G. Stein)
