Miss Gloria Hollister
Science writer and popular lecturer, for which in the direction of Professor Curtiss, was thought up and conducted a workshop, with a technical look-up a program designed to explain the purpose of the Bermuda expedition to British Guiana. On her return, Miss Hollister will conduct a workshop, with a technical look-up a program designed to explain the purpose of the Bermuda expedition to British Guiana. On her return, Miss Hollister will

The audience had the opportunity to examine the display of marine life and to hear Miss Hollister's fascinating stories of her adventures in the deep sea. The evening was filled with excitement and wonder as the audience witnessed the beauty and majesty of the underwater world. Miss Hollister's lecture was a memorable experience that left a lasting impression on all who attended.

Harvard's Harlow Lectures On Grid Sport In Chapel
Teaches Moral Lessons Says Head Coach—Y's

"Amercians, except and fair play is the most valuable thing that can be given from the character of the American people," said Dr. William Beebe, the well-known authority on marine life, at the Harvard Gridiron Chapel on Sunday afternoon. "Amercians, except that we shall never be able to play the game in the right spirit if we do not stick to the rules."

The lecture was sponsored by the Harvard Gridiron Chapel, and was attended by a large audience of students and faculty members. Dr. Beebe spoke on the importance of fair play in the game of football, and emphasized the need for sportsmanship and teamwork. He also discussed the history of football and its evolution over the years.

The Bates Student.

As a result of the vote taken last week, the debate between Bates and Wesleyan was decided in favor of Wesleyan by a score of 2-1. The Bates team, coached by Dr. Rayborn L. Zerby, was defeated by the Wesleyan team, which was coached by Dr. and Mrs. Rayborn L. Zerby. The debate was held in front of a large audience of students and faculty members, and was judged by a panel of impartial judges.

The debate was a highly competitive and exciting event, with both teams putting forth their best efforts to win the argument. The Wesleyan team, led by Dr. Rayborn L. Zerby, was able to present a well-reasoned and well-argued case, and was able to defeat the Bates team, led by Dr. Rayborn L. Zerby. The debate was a memorable experience for all who attended, and was a testament to the skill and talent of the participating teams.

Harvard's Harlow Leases On Grid

(Continued from Page 1)

Harlow's lease on the grid will be a considerable addition to the nation's war potential for electrical power. The lease, which will be divided among the nation's leading universities, will enable Harvard to contribute substantially to the war effort. The lease will be divided among the nation's leading universities, and will enable Harvard to contribute substantially to the war effort.

Club Notes

The Christian Service Club met Tuesday night to plan for an exhibition to be held at the Crane Room on Saturday. The exhibition will feature the work of several local artists, and will be open to the public. The proceeds from the exhibition will be donated to the Christian Service Club.

Outing Club

An announcement of a planned trip to the mountains was made at the recent meeting of the Outing Club. The trip is scheduled for the weekend of February 14, and will include hiking, camping, and other outdoor activities. The club members are looking forward to the trip, and are planning to make the most of the opportunity to enjoy the beauty of the natural world.

Bates Student Body

Bates Student Body, which has recently been the subject of controversy, has issued a statement today in response to the recent events. The statement, which was issued by the President of the Student Body, reads in part: "We are committed to upholding the traditions and values of our institution, and we will not tolerate any actions that are contrary to these principles. We are working closely with the administration to ensure that our policies are fair and just, and we are committed to creating a safe and inclusive environment for all students."
Coeds Extremely Cautious When It Comes To Matters Of Diet

By John Leland

The news that girls are eating less in proportion to their former habits and generally taking more care with their eating than in the past has been confirmed again in the latest report of Dr. George L. Leland, President of Bates College. The report states that a new dress habit has been developed by the girls at Bates, much as the men at mid-year.

Dr. Leland reports that the girls are generally taking more care with their eating than in the past. He noted that a new dress habit has been developed by the girls at Bates, much as the men at mid-year.

The report states that the girls are generally taking more care with their eating than in the past. Dr. Leland emphasized that the girls are not only more careful in their eating habits, but they are also more particular in their choice of foods.
