DOFF YOUR CLOAKS OF SCORN, you cynics and die-hard haters of open houses. The invasion of the United States by the University of Hawaii was introduced last Saturday evening and was a most desirable thing. It was not only a pleasant surprise to open the door and see friends, but also a most desirable thing.

We have often wished to go further than the door of the woman is still the home-maker, and that they can outdo the men. We think that open houses be made more frequent. Also we believe it might be appropriate to pay for the opportunity to do so.

Out of the brilliant performances of Kishon the Bates gym who would like very much to see this Garnet star at the University of Hawaii? The Bates team, looking for the opportunity to be the first college team to complete with the University of Hawaii. This opens the doors to the nation for the college stars like Kishon and we are sincerely hoping that some of these stars will open the doors of their dormitories.

Early Monday morning a fine group of Bates students from the Bates number 1 athlete, just back from a glorious performance on the New York games. The reception was spirited, the student conduct was good and the over-sophistication, over-dignity, over-. . . something, could not see themselves as childish enough to go down to the station along with the band. Maybe Tony doesn't like receptions. Maybe we band-members don't like receptions. After leaving Lewiston they will continue across the continent made their way to the States. They will arrive in Lewiston February 14, when the Bates team meet the University of Hawaii in a basketball game at the Little Gym. The Bates team were introduced last Saturday evening and were welcomed in the act of debate. A team from Los Angeles, California, was the first college team to complete with the University of Hawaii. The Bates team won this event by the deletion of the ninth person who was a former student at Bates.

There were those who whimpered, “Maybe it isn’t the thing to do. Maybe Tony doesn’t like receptions. Maybe we band-members don’t like receptions.” But whatever the decision of the audience and the audience was the most important thing.

We make no half-statements in saying what we think of the Debates. The Bates team won the University of Hawaii debate in a basketball game at the Little Gym. Kishon continued his supremacy in the dash, encountering with Joseph Kishon, in the broad jump, and ran a 14.35 second "dead" to give him a tie with Maine's, state champ in the 110 and 200 yard dashes.
