ELECTIONS BEING OVER . . .

The
tendency to forget the
results of the elections 
within a few days after
them is a bad one. The
very fact of these results 
should remain ever in 
our minds. The welfare of 
our nation depends in 
large part upon our ability
to make wise decisions, 
and only by remem-
bering the results of 
elections can we ensure 
that such decisions 
are made.

THE EDITORS’ MAIL BOX

Through Box 20 Chase Hall pass some of the strangest, some of the most amusing letters one could imagine. Besides the business matter, which is indispensable; and the excitement, which is inevitable, there is a section from the student body under the caption "From the News," which is the most interesting, some of the most valuable, and a few of the most amusing. This section is a place for the expression of student opinions, thoughts, and experiences. It is a small but important part of the student’s life at Bates. The “From the News” section is a way for students to share their perspectives and engage in dialogue with their peers. It is a space for free expression and a forum for the exchange of ideas. The section is edited by students and is an important part of the student experience at Bates. It is a space for students to express themselves and engage in meaningful conversation. The “From the News” section is a valuable resource for students and a reflection of the diverse and vibrant community at Bates. It is a space for students to connect with each other and with the larger world.
Sophs Place Three Men On All-Interclass Basketball Team

Woodbury, Malone, Crosby, Pellicani And Greb Are Members Of First Team

The winning sophomore basketball team was placed on three of those men were chosen by Coach Leslie Smith and the members of the team. These were Malone at center, Woodbury at forward, and Crosby. This trio should make the going tough for any one who will try to get a good position on the varsity team next year.

The captain of the all-interclass team was Pellicani, who has had plenty of experience on the varsity squad, and Bob Simonetti of the track squad, are heading up the arrangements for these two events and the mile distance.

The popularity of the games rooms has made it necessary to make a few changes. Monday nights when closed parties may go to the dance, they are asked to bring the noise for the girls who do not want to dance and want to enjoy the cigarette table. The boys may take their dates to a group from any one of the classes.

The demonstration, which will be held Wednesday and Thursday, is just the Physical Education department's attempt to give the girls a chance to get in while the boys can have the opportunity to tell others of the activities of W.A.A. on the Bates campus.

Because the Freshman Track team looking to 1938 looks like the best in many years in this department. The awards will be given to the various classes, the numerals and the sweaters. Concentrations to those who get there. Don't give up if you didn't.

Bates Women Travel To Vassar Conference

Kathryn Thomas '37, Lois Wells '39 and Mary Chase '39 will leave tomorrow morning for the National Women's Athletic Conference to be held at Vassar College March 17, 18 and 19. These representatives from each of the three upper classes hope to bring back evidence that will be of interest to the hospitality of W.A.A. on the Bates campus.

George Haskell '06, Freeport native, was taken to the hospital Wednesday, his face being cut in an accident. He is receiving medical treatment.

Ruby Keeler says: "Luckyies are a light smoke that treat a tender throat right"

"It's a way, so it's easy to keep in condition as a dancer than as a singer. Exercise can keep the muscles in shape, but there are a lot of things that can go wrong with the voice and throat. It stands to reason, then, that any actress who is a dancer or singer is likely to get a bit of soreness. Emotional stress and any tendency to keep the throat really right with the right sort of light smoke is therefore".

"I was ready, willing and able"

"The finest tobacco—"The cream of the crop"

An independent survey was made recently among 5000 men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoked cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Keeler verifies this wisdom of the doctors, and so do other leading artists of the stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckyies. You, too, can have the throat protection of Luckyies—light smoke, free of certain harsh irritants removed by the exclusive filter.

"It's Toasted". Luckyies are gentle on the throat.

“Icebound” Chosen By 4-A Players for Spring Play

The 4-A Players have selected "Icebound" by Green Davis for their spring offering. It is a presentation of April 22 and 23 in the Little Theatre, and will be produced for the first time by the club. "Icebound" is a play of suspense, the plot being kept under wraps until the last minute. The play is notable for its successful use of suspense and psychological effects. The cast is made up of outstanding members of the student body and the play promises to be a realistic picture of the human condition.

C.A. Discussion Groups Meet Tomorrow

Several Interesting Speeches Promised Those Attending Monthly Meeting

Tomorrow night at seven o'clock the last discussion groups of the Bates Christian Association before the spring vacation will be held. In some of the meetings a controversy has been maintained so that it is hoped that all those who have been attending these series of discussion groups will be present.

John Mead's Woman

Can John Crooks to speak on "Modern Music" and will tell the story of some of the composers who are performing promenades within this presentation. Recordings of the music of George Gershwin from the opera "Fool's Gold" and Paul Wittman's "Shipyard Blues" will be played on the record.

All freshmen and those people of the other classes, who have "big ears" they would like to sit in on or attending this semester, are urged to attend the conference. The Social and the Co-operative Councils will be the leaders in the discussion and will write to all of them in the near future. The discussion will be the subject of Professor Angelo Bertocci, who will lead a joint meeting of the International and the Social Justice groups. Since the STU- DEENT has already conducted a such a proposal ballot on this question, open discussion should prove interesting.

Professor Bertocci’s address may be found in the next issue of THE BATES STUDENT.

Full measure of everything you want in a cigarette.

At every stage... from tobacco farm to shipping room... Chesterfield's job is to give you the refreshing mildness and delightful flavor that makes smoking a great pleasure.

Experienced buyers see that Chesterfield tobaccos are MILD and RIPE... careful manufacturers see that they are blended to the exact Chesterfield formula.

And they see that the cigarettes are made right... round, firm, just right to smoke.

...for the full measure of the good things you want in a cigarette we invite you to enjoy Chesterfields.
