William Spear Announces
Biennial Science Exhibit

Many Demonstrations May Be Seen In Hedge
And Carnegie Labs

APRIL 8 AND 9 ARE DATES FOR EXHIBIT

According to William Speare, head of the biology department, many exhibits will be on view at Hedge Laboratory and in the Carnegie Biological Lab.

Among the exhibits will be many unusual animals. The Biology Department has been collecting and preserving these animals for several years. The exhibits will be open to the public from 10 a.m. to 4 p.m. on both days.

The exhibition will feature a wide variety of animals, including fish, birds, reptiles, and mammals. There will be a special section devoted to butterflies and other insects.

The exhibition will also feature a collection of fossils and minerals. These exhibits will be on view from 10 a.m. to 4 p.m. on both days.

The exhibition will be open to the public from 10 a.m. to 4 p.m. on both days. Admission is free.
Since April 22, 1936, when number one of volume LXIV of the STUDENT appeared, Bates students, faculty, and alumni have had at their hands a daily record of the events of the past year. Yet the year has been a busy one for students at Bates even though the RESULT of the annual examinations has been somewhat disappointing. The one thing that has been invaluable to the students has been the STUDENT, the only real medium through which to express one's opinions and interests.

Among the students, Sutcliffe '37 became the college's fifth writer of the year. Since April 22, 1936, when number one of volume LXIV of the STUDENT appeared, Sutcliffe has been a regular contributor to the STUDENT. He has written on a variety of topics, ranging from the political to the social, and has always been able to express his opinions in a clear and concise manner.

Other students who have contributed to the STUDENT include...

**Bates College, died recently at Cambridge, Mass., at the age of 67.**

Dr. John Nolen, internationally known authority on regional and city planning, died recently at Cambridge, Mass., at the age of 67. A native of Brunswick, Ga., he was educated at the University of Chicago and the University of Pennsylvania. He was a member of the faculty of Harvard University, and was a consultant to the United States government in the Schlechter case.

Dr. Nolen, who has laid out plans for cities and towns in all parts of the United States, was the author of several books on city planning, including "The American City Plan," "The City Plan," and "The City Plan in Practice." He was a consultant to the United States government in the Schlechter case.

This was the last decision debate of the season. The debate will now administer the program, with specific services such as...
Eight Women Honored By Bates Students Speaking at Many Groups

By Caroline Fulbright

Seven women students, and four former students have honored this, the thirteenth day of the school year, the present and future students of the school with a series of talks and discussions.

The most popular of the speakers was Anna Bonds, a former student, who spoke on "The Science of Living," and "Women in Science." She was very popular as a speaker, especially in her discussions on the role of women in the scientific community.

Another popular speaker was Helen Bloom, who spoke on "The Importance of Music," and "Women in the Arts." She was well received by the students, and her talks were well attended.

Several former students also spoke, including Margaret Johnson, who spoke on "The Importance of Education," and "Women in Politics." She was very well received, and her talks were attended by many students.

In general, the topics were interesting and varied, ranging from women's roles in the fields of science and arts, to education and politics. The students seemed to enjoy the talks, and many of them asked questions and participated in discussions after the talks were over.

Many of the students who attended the talks were inspired by what they heard, and some even expressed a desire to pursue careers in the fields that were discussed.

For many, the talks were a opportunity to learn more about the role of women in society, and to gain a better understanding of the challenges and opportunities that women face in different fields. The talks were a reminder of the importance of women's voices and perspectives in shaping the world, and of the need to support and encourage the growth and development of women in all fields.
Annual Spring Concert
To End Musical Season

By Helen Martikainen

The Bates College Music Department closed its 1936-37 year with a program which was enjoyed by all present.

In the spring of 1935, the annual Spring Concert was held in the Music Hall, and the program consisted of the Choral Society, the Pop Concert, and the Bates College Band. This year, however, the program was expanded to include the Annual Spring Concert, the Choral Society, and the Pop Concert.

The Choral Society, under the direction of Mr. John L. Brown, sang a number of songs, including "My Country 'Tis of Thee," "The Star-Spangled Banner," and "The Battle Hymn of the Republic." The Pop Concert, directed by Mr. Robert M. Woods, featured a variety of popular songs, including "The Entertainer," "The Entertainer," and "Over the Rainbow." The Bates College Band, under the direction of Mr. Robert M. Woods, provided a rousing finale with "The Star-Spangled Banner."

At the conclusion of the program, the audience burst into applause, and many members of the Choral Society, the Pop Concert, and the Bates College Band received standing ovations. The music department was delighted with the success of the program and is looking forward to next year's concert.
Six Students Elected To Campus Key

New Campus Organization Is

[Continued from First Page]

Dr. Harold Storm, a missionary in the American Bureau of Education for UNESCO, was in the United States visiting the various League of Nations educational agencies and educational institutions. He has been led entirely by students.

Among the activities sponsored by the B.C.A., and as a result of the services held this year, two of which were all Luckies.
SPORTS SHOTS

By BARNEY MARCUS

The purpose of this article is to give the student body a chance to see some of the things that are happening in the athletic world of Bates. As a matter of fact, it is the intention of these articles to show that there is more to Bates than the dust of Maine and Bowdoin. How- ever, it is the policy of this board to ease the tension of the coaching staffs and the players.

Tony started our season off in great style by taking the hammer and javelin titles. Tony's efforts were rewarded by being chosen as captain and the support he received from Kenney, Bullock, Hole- man, and a couple more of those mugs will...
Ten Out Of Eleven

In the third period to score the point and winning goals to defeat the Defoe Cup Team and win the annual varsity field hockey game on the Outing Grounds.

The Bates Varsity girls defeated the former in the final game of the field hockey season, 4-0, on Saturday afternoon to win the annual girls' varsity field hockey competition, the Defoe Cup. The Bates Varsity Field Hockey Team was the dominant team this season, finishing with a record of 2-0-0 in the annual field hockey competition.

The game was played on the Outing Grounds in front of a large and enthusiastic crowd.

Among Star Sports Of The "STUDENT" YEAR

Freshman Team Contributed To Year's Sport Features

Freshman to their growing string of recent completed a "Goodwill" tour to Nova Scotia in the annual snow meet. Omar seen competing in the annual snow meet. Omar strength and his efforts were very good.

Ralph Cape was a likely point winner. He for points in the 220 yards. Bill Luukko will be in the jumping event in the next indoor season. In broad jumping, and running on the track he turned as expected to school next year.

Al Pierce will also be available in the jumping events, and Joe Peterson in the hurdles.

Bill Luukko will be in the jumping events in the next indoor season. In broad jumping, and running on the track he turned as expected to school next year.

The result of the tournament, as announced by the President of the Stacey Club, was won by the Bates team, 6.75 to 6.

Another competitive event consisted of a group of three lap dash by the Bates and Bowdoin teams in the city. These races, all of which were won by Bates, were called "the 33 3-5 seconds.
