Melbourne Debate Audience Prefers Policy of Isolation

An audience of 400 people is the Bates Debate Board, which is located in the center of the town of Batesville. The board is composed of five members, and each member is responsible for a different topic. The debate board is responsible for organizing the debate, and each member is responsible for a different topic.

The first topic to be discussed is the policy of isolation, after a brief discussion on the principles of political economy. The debate board is divided into two teams, with each team responsible for a different topic. The first team, which is responsible for the policy of isolation, is headed by Mr. Johnson. The second team, which is responsible for the political economy, is headed by Mr. Smith.

Bates Professors Discuss The Ludlow Amendment

The matter of war and the declaration of war by the President affects so many different phases of our life that we must all understand them. It is not just a question of whether we like or dislike any particular war. It is a question of whether we like or dislike any particular war. It is a question of whether we like or dislike any particular war. It is a question of whether we like or dislike any particular war.

And it is a question of whether we like or dislike any particular war. It is a question of whether we like or dislike any particular war. It is a question of whether we like or dislike any particular war. It is a question of whether we like or dislike any particular war.

Exams will Swap You

If You Don't Watch Out

If "I can't get away from exams there's nothing I can do but study. And I'm going to study at least ten hours a week."

BEGINNING BAY DAY

By William P. Miller

"I can't get away from exams there's nothing I can do but study. And I'm going to study at least ten hours a week."

Most of us in college like to think of some one or some other thing as the most important factor in our lives. It gives us a feeling of security and does away with the temptation to worry about things that may happen in the future.

The same thing can be said about the future of those who have been and are going to be graduates. It gives us a feeling of security and does away with the temptation to worry about things that may happen in the future.

And a Sophomore

This is the beginning of the second year of our study of the subject which will be discussed on page 10.

Every cigarette features something...

Chesterfield features the one thing that really counts...pleasure. It all comes down to this:
Chesterfield is made of mild ripe tobaccos...rolled in pure cigarette paper...the best that money can buy.

That's why Chesterfield's milder taste will give you more pleasure.
Freshman Quartet Blanks E.H.S. 33-16

The undefeated freshman basketball team met last night to find out if it could exceed Edward Little High School in the league championship race. The Ed Little game was a rough and rugged affair, in the finish could not get their third win.

Freshman's Notes Destroyed In Fire

During Christmas vacation a new freshman building was raised in Bates. Clark's office, for the purpose of providing a headquarters for the new students. These rooms were destroyed by fire at Bates College.

Chair committee of the B. C. A., was "beer, beauty, and bull sessions" in the course of the fire. The atmosphere was pretty much the same in the American town as it was in the Australian town. Emphasis on "beer, beauty, and bull sessions" in the course of the fire.
