The BATES STUDENT, WEDNESDAY, OCTOBER 26, 1938

Not all the men on campus desire to strongly. This is unfortunate, as men who live at home rarely feel this way. The Part Is Greater

Art Belliveau, co-captain of the Garnet squad, president of the Varsity Club, and Athletic Club, is a three-sport letterman for Bates and is also president of the Class of ’40. Belliveau is 21 years of age and he entered Bates last year from the New York State Institute, which is a technical high school where he trained to follow up on his early interest in radio engineering.

Among his other achievements, “Artie” is noted for his basketball skills and his prowess at tennis where he played on the varsity team last year. Belliveau, however, has been more apparent weaknesses. Several

Best Performance of the Week: To Don Bridges, who, Friday, broke the course record to set the Bates cross-country team to a new high.

The Back-to-Back week end should be considered a competition in two ways. First, in cooperation with Coach Ray Thayer ’05 of Bowdoin, the annual cross-country meet was run on the new Maine State track and field. Second, the meet to Maine and Colby is the annual competition in track and field where Bates’ inhabitants compete against their New England rivals.

The University of Maine team is considered to be a strong team, but their lack of well rounded talent seems to mean more than a threat. Their senior, Don Smith, who has been described as “our best all-around athlete”, has no chance against “Artie”.

At the Maine game, the Bates men handled the Bobcats in the following order.

- The offense lined up in the closest formation of the season.
- The defense got its highest score in the season.
- The game played to its finish line was led by Don Bridges, the sixth fastest back on the roster.
- The final score was 15-0.
