Coming Events

The coming major event of the Bates campus should be cut
shaping its shadow before more closely now than ever during the past
year; and the undergraduate body should be on the alert to pick up
the hint presented in that shadow.

There is, however, whether or not a potential power, in at least,
the government of undergraduate activities—and it is for the selection of
officers for these few organizations that the student body should
take most careful consideration.

The power to govern on this campus is as limited to
the power to compromise. Most of the difficulties in any institution formed of
two bodies—a governing body and a governed body—are best
where the compromise is the only measure left. We can reasonably
expect that the governing body will come around campus leaders. Administration laws and Student Council
laws alike have been met with varying degrees of favor or disfavor
by the Students of Bates College.

There's skill and precision in the way the Rockettes dance and there's skill and precision in the way the mild ripe Chesterfield tobaccos are blended and proportioned to bring out the best in each.

That's why Chesterfields are milder and taste better...that's why they'll give you more pleasure than any cigarette you ever smoked.
