A Little Wintry... But This Is The Stand That Was
Bringing The Grads Back To Bates

In a few short weeks some one hundred and twenty-eight alumni—classmates of the undergraduate days and to become a part of that latter Bates body—their college—of those who remain as undergraduates, will, to put it mildly, have left for the Fall. How many and for how long, for one, two, or three years. Every graduating class takes with it personalities who may never be replaced. The campus has ceased to be the focal point of all its social activities, let alone their going.

But more to the point at this time is the problem that every commerce brings to our minds—the problem of finding alumni-undergraduate relations. How can we attract these graduates back to campus; how can we make them feel at home while they are there?

Bates is widely known as the all-college fraternity. Her men and women everywhere—everywhere in the country—feel that in the campus of the year, undergraduates must recognize the fact that a remarkably successful program has been set up in the form of the alumni—providing room and board for a weekend free.

The Student Council has already announced its intention to do more to attract the undergraduates. What we must now consider are the steps necessary to bring these alumni back to campus.

A committee should be formed for the caring of returning alumni. Faculty members should conduct at least an annual correspondence with the alumni. A committee should be formed for the composition of alumni-sponsors and members of the council, or organization on campus.

3. Faculty members should conduct at least an annual correspondence with the graduate students, to keep in touch with their progress and to let them know that help is at hand. A committee should be set up to help maintain a warm spot in their hearts for Bates.

The Student Council has already announced its intention to do its best along these lines.

May we offer a few suggestions that the undergraduates, the faculty and the administration may wish to consider?

1. Back to Bates week end and National Bates Night must be recognized as good steps. Let us have another Back to Bates week end this spring. The success of the trip occurred on the first evening. The only mishap of the year, according to an announcement made for a new gymnasium for the graduating class of 1940.

2. The clubs can do their bit by properly scheduled "alumni nights" for past members of every club or organization on campus.

The baseball team righteously served the title of State champions because they took two out of three games from each of their three State opponents. They defeated Maine on the third day of Dave Webber's splendidly pitching, and were cited by Dave the next day with Mike Maguire, performing the hurling honors.

The team did not settle down and play loose half until after the first game. When they got behind they killed it just as quickly and as evenly, even though it did mean the State Series. When Briggs came through at a third on a stolen base, under the third baseman, Bob Malone rushed up another play, and in desperation, but skillfully, to avoid an umpire foul, however, he was called safe at third.

In the fourth inning, Maine at home by Colby Tuesday by a score of Allen, If Rancourt, rf Thompson leaped over the fence along triple, and scored three runs. Hasty to make a play for him. Belliveau re-centered. He scampered to second and State Series. When Briggs came up with the bases loaded in the seventh inning, the Maine pitcher was called out.

Our nominations go to Bob Malone for the outstanding performance of the game. Gene walter, Maine's, White were in the "Frosh" mound, and were in the lead. Walter was in the last game of the season, and the fact that he has a quitting time with the Frosh Red Sox. But Walter earned his chance. Co-captain State Manager, Briggs, had the other chance this year, also. He hit better than ever, but was not in the starting four, and his batting average was improved in the last game.

The prospects for next season are fine. Joe Walsh, Paul Quickley, Bill Maloney, and Al Harrington will return and should hold down at least one position five of the six starters in 1939.

Our sport photos were taken by Bob Malone, who played at first base, and a good second baseman, produced first three runs scored. In the ninth "Frosh" was in trouble and ran second chance to score. Walter said, "In the lined up to end the inning after having taken the bases in the same inning. He made several splendid fielding plays, got a good average for the season, and scored three runs. Hasty Walsh and Malone are the men left to catch a fly in a beautiful state.

**Whitney Leads Tennis**

The varsity tennis team closed their season without a victory in 1938. They were defeated by Bates 4-0 and by Colby 6-2. They were eliminated by the class scores of 0-6. The net was defeated by Bates for the last time Wednesday at Whitney Hall.

Announcement Program For Commencement

The seventy-fifth commencement exercises will begin Thursday, June 15th, at 9:00 a.m. Commencement exercises, a ceremony which marks the close of the academic year, will be held in the Alumni Gymnasium.

The program will begin with the reading of the New Testament. Then, following the reading of the New Testament, the President of the College will deliver an address. After the President's address, the Reverend Dr. Edward St. John will deliver a sermon. The Reverend Dr. Edward St. John is a well-known preacher and is highly respected by the students.

Following the Reverend Dr. Edward St. John's sermon, the President of the College will present the diplomas to the graduates. The diplomas will be presented to the graduates one by one, and each graduate will receive a certificate of recognition.

After the diplomas have been presented, the President of the College will deliver a farewell address. The farewell address will be a touching tribute to the graduates and their years at Bates.

Following the farewell address, the commencement exercises will conclude with the singing of the alma mater, "The Bates Song." The singing of the alma mater will be a fitting conclusion to a memorable day in the lives of the graduates and their families.

In conclusion, the seventy-fifth commencement exercises will be a day filled with pride, accomplishment, and celebration. It will be a day when the Bates community will come together to honor and support its newest members, the graduates of the class of 1933.
