Drill Ground, Garden, Marked Campus In 1917-18

January, 1933—117 Harvard men in action on the farm at the Harvard University Experimental Station has given a new lease on life to the boys who have been working on the farm. The station has been able to provide work for these men because of the increased demand for their services. The boys have had the opportunity to learn many interesting facts about farm work and to apply what they have learned in the classroom to practical situations. The station has also provided a valuable resource for the study of agriculture and has contributed to the advancement of knowledge in this field.

Coed Relates Experiences As Social Worker In Slums

By June Leverett '41

How well I recall the day I made up my mind never to do the work of a social worker. I am sure I thought that I would find it too much trouble and that I would have to do too much thinking. I decided that I would rather go into business for myself. From that day on I was never myself again.

I was a student worker for a year and a half. It was a wonderful experience. I learned a lot about humanity and human nature. I met many interesting people and saw many things. I was able to help some people and to be of service to others. I was also able to learn a great deal about myself. I discovered that I had a great deal to offer and that I could be of great value to others. I decided that I would like to continue in this work.

The field of social work is an open one for those who are interested. It is a field that offers many opportunities for service and for growth. It is a field that offers a chance to make a real difference in the lives of others. It is a field that offers a chance to make a real contribution to society.

The social worker is a person who is trained to help others. He is a person who is trained to understand people and to help them. He is a person who is trained to work with people and to help them to solve their problems. He is a person who is trained to help people to make the best of their lives.

The social worker is a person who is trained to understand people and to help them. He is a person who is trained to work with people and to help them to solve their problems. He is a person who is trained to help people to make the best of their lives.

The social worker is a person who is trained to understand people and to help them. He is a person who is trained to work with people and to help them to solve their problems. He is a person who is trained to help people to make the best of their lives.

The social worker is a person who is trained to understand people and to help them. He is a person who is trained to work with people and to help them to solve their problems. He is a person who is trained to help people to make the best of their lives.

The social worker is a person who is trained to understand people and to help them. He is a person who is trained to work with people and to help them to solve their problems. He is a person who is trained to help people to make the best of their lives.
On Creating a Tradition

"Hades Holiday" proved to be an outstanding success—especially for the apprehensive. Many much-needed jobs were done and the atmosphere turned out fine. It had all the earmarks of a growing maturity. Yet, without even a single instance of stimulating faculty debate. Round table or open forum discussions, when they have occurred, must always be student-sponsored. The majority of us returned to campus with minds full of the world's problems. The solution to which would include civil rights for our elders, these seemed important. Here, in our other-worldly atmosphere, minds that grieved for maturity during the summer, would become younger adulthood one more in the round of classes and activities that are characteristic of college life.

Is the "system" responsible for this or are we personally blamed?

All evidence points that the finger of accusation at the "system". Yet, as since a small part of that system, some of the responsibility must rest with each individual student. We must, more than ever be interested in seeing that to college gives us one hundred cents on the dollar?

As has been pointed out, no college group ever returned to campus with a more dominant question than this one. It had all the earmarks of a growing maturity. Yet, without even a single instance of stimulating faculty debate. Round table or open forum discussions, when they have occurred, must always be student-sponsored. Garnet Harriers To Face Northeastern At Boston Sat.

Expect Close Meet With N. E. Dalers

Team Balance May Bring Victory Over Three-Man Huskies

The two East Coast teams left for Boston, Saturday, to meet the Northeastern University football team for the third game of the season for both. The Harriers defeated the Brown team 17-0 last Saturday and the Harvard team 27-0 two weeks ago. The Northeastern Huskies have been defeated by the Brown and Harvard teams this season.

The Harriers defeated the Cornell team by a score of 20-0 last Saturday. The Northeastern team will be playing the third meet of the season for the Northeastern team, who recently defeated the Colby team 21-0.

The Harriers have three games scheduled for this season, the first being against the Northeastern team, followed by games against the Harvard and Brown teams. The Northeastern team has three games scheduled for this season, the first being against the Harvard team, followed by games against the Brown and Cornell teams.

The Northeastern team is expected to put up a good fight against the Harriers, who are currently ranked second in the nation. The game will be held at Harvard Stadium, with kickoff scheduled for 2:00 PM.

Fall Sport Season Starts For Co-eds

The fall sport season was definitely started out by a good victory for the Garnet football team. The win was a result of the Garnet's strong defense, which held the Black Cat team to only one touchdown.

The Garnet team, coached by Bob Plaisted, dominated the game from start to finish. The team's defense was particularly strong, holding the Black Cat team to only 120 yards of total offense.

The Garnet team's offense was also strong, with quarterback Bill Dowd leading the way with 200 yards passing and two touchdowns. The team's running attack was also effective, with halfback Ted Seavey adding 70 yards on 15 carries.

The win was a huge morale boost for the Garnet team, who are currently ranked second in the nation. The team will be looking to build on this win as they prepare for their next game against the Harvard team.

Looking Ahead To Harvard

The Garnet team is expected to have its hands full against the Harvard team, who are currently ranked first in the nation. The team will need to play a nearly perfect game to have a chance of defeating the Crimson.

The game will be held at Harvard Stadium, with kickoff scheduled for 2:00 PM. The game is expected to be a close one, with both teams playing their best. The Garnet team will be looking to prove that they are capable of defeating the Crimson and moving up the rankings.

Boys Field Hockey Meet

The boys field hockey team is looking to continue their winning streak as they prepare to face the Chopin team this week. The team has won their last two games and will be looking to build on this momentum as they prepare for their next game.

The game will be held at the Chopin field, with kickoff scheduled for 3:00 PM. The team will be looking to build on their winning streak and prove that they are one of the top teams in the nation.

Headlines

The Garnet football team is looking to start their year off with a bang as they prepare to face the Harvard team. The team has been working hard in practice and is looking to put in a strong performance.

The boys field hockey team will be looking to continue their winning streak as they prepare for their next game. The team has won their last two games and will be looking to build on this momentum.

The boys basketball team is looking to get back on track after a disappointing season last year. The team will be looking to build on their early season success and prove that they are one of the top teams in the nation.

The boys soccer team will be looking to build on their early season success and prove that they are one of the top teams in the nation. The team has won their last two games and will be looking to continue their winning streak.

The boys volleyball team will be looking to build on their early season success and prove that they are one of the top teams in the nation. The team has won their last two games and will be looking to continue their winning streak.

Chesterfield's
RIGHT COMBINATION of the world's best cigarette tobaccos brings out the best features of each

All the fine American and Turkish blends in Chesterfield's famous blend are known for some particular smoking quality... and the way Chesterfield combines these fine tobaccos is why you get a milder, better-tasting smoke with a more pleasing aroma.

That is why, when you try them we believe you'll say...
