The Newton Theological Institution

(FOUNDED 1825)

Eight miles from the Boston (Mass.) State House situated in superb grounds of 52 acres belonging to the institution.

An Eminent Faculty, Fourteen Professors and Instructors, Convenient Dormitories and Lecture Rooms, Beautiful Chapel, a Noble Library, an Unsurpassed Library Building, and Equipment for Laboratory Work.

Courses leading to B. D. degree, and special provision for Post-graduate students.

The proximity of the Seminary to Boston and Cambridge makes it easy for students to attend lectures by eminent specialists and the Lowell Institute Courses.

There are many opportunities for engaging in missionary and philanthropic work by which students acquire clinical experience and contribute to their self-support.

Address GEORGE E. HORR, President,
NEWTON CENTRE, Mass.

DELTA SIGMA RHO

Mr. E. L. Saxton, of the group of Bates debaters that have represented the College so admirably in the last three years, received on the 7th, a telegram from the Secretary of the National Delta Sigma Rho Organization, announcing that Bates had been admitted to the Delta Sigma Rho in recognition of the distinction that the College had won in her intercollegiate debates. This is an honor reserved for colleges that have made their mark in intercollegiate debating contests, and is an honor that all Bates people will prize.

The Delta Sigma Rho, although it has a Greek letter designation, is not what is understood to be a Greek letter fraternity. It is not a secret organization. It has no social functions and its members are those who have won distinction in debate. It is an organization that the non-fraternity colleges recognize and welcome—such colleges as Princeton, where no fraternities have existed for more than a hundred years. It is, therefore, in no sense a departure from the traditional policy of Bates in limiting her societies to organizations having intellectual or literary work to do. It is rather a confirmation of her policy in this respect. The membership will always be of necessity small and the meetings held infrequently. This new organization at Bates is established by the express vote and approval of the President and Faculty of the petition sent by our student debaters to the National Council of the Delta Sigma Rho. Henceforth there will be an additional incentive to thorough preparation for debate among the students of Bates College, although it can hardly be expected that the institution can improve upon a record not surpassed and scarcely even equaled in our country.

This organization, Delta Sigma Rho, is like Phi Beta Kappa, an honor organization, and it might be added here that Bates has already been endorsed as a college thoroughly worthy of a Phi Beta Kappa chapter, not only by Bowdoin and Colby of our own State, but by Dartmouth, Harvard, Yale, Cornell, Princeton, University of Colorado, and other colleges and universities of the highest standing. Under the arrangements for meetings of the National Council of the Phi Beta Kappa which are held only at intervals of three years, Bates cannot become an actual member until about one year from the present time.

CAMPUS NOTES

Roland Coleman is at present suffering with the mumps.

The Eight Weeks Club was addressed by Mrs. Tubbs at its last meeting. Mrs. Tubbs gave a very interesting talk on "Home Economics."

Are you writing an essay for the Prohibition contest? There's a chance to make some money? Don't miss it!

Miss Mary Roberts, '15, and Miss Helen Hilton, '15, were in Westbrook last Monday to attend the funeral services of Dr. Thomas P. Smith, the father of Miss Camilla Smith, '15.

Miss Frances Bryant, '15, spent Sunday at her home in Portland.

Thursday, May 6, the Bates Needle Club was entertained at the home of Mrs. Harry Rowe, on Nichols Street. Mrs. Harry Rowe and Mrs. Blanche Roberts were hostesses.

The usual Y. W. C. A. meeting was held last Wednesday night, with the subject, "Choose Ye." Miss Charlotte Patterson, '18, was the leader. There was a duet by Misses Doris Ingersoll, '18, and Ruth Dresser, '18. Short talks were then given by five girls: Misses Esther Wadsworth, '15, Mildred Bassett, '15, Alice King, '16, Ruth Sturgis, '17, and Doris Ingersoll, '18.
Miss Ruth N. Bearce, 15, spent Friday at her home in Norway.

Miss Ida Kimball, '15, spent the week end at her home in Bath.

Miss Doris F. Ingersoll, '18, went to Portland for over Sunday.

Miss Mabel Durgan, '15, entertained her sister, Miss Addie Durgan, at Rand Hall over Sunday.

Vesper Services in the Chapel on Sunday afternoon at four o'clock were conducted by the Reverend Fritz W. Baldwin of Brookline, Massachusetts, who spoke upon, "The Burning Heart."

The Halls are full of actors just at present, about 50 students are appearing in the different choruses in "Bud the College Duke", appearing at the Empire the first three days of this week.

The Hats for the Musical Clubs have come bearing the letters M. B. A. The songsters look like regular Rah-Rah Boys.

Gov. Curtis has issued a proclamation for a Clean Up Week. It's a good idea for everybody to join in and make the proceedings universal.

Bates and Maine went 50—50 on the athletic honors last Saturday. Maine winning the track meet easily and Bates winning the ball game just as easily.

Colby won from Bowdoin, Monday. Now all we have to do is to get Colby. Of course everybody has forgotten that 61-0 football game last fall, but just the same perhaps we would mildly enjoy administering a good trimming to the boys from "the sand plains of the Kennebec."

Pretty hard for Colby to stand much show with only one pitcher.

By the way we have some pitcher in our little football hero "Monte". Harvard 1 hit, Maine 3 hits, and the N. E. league couldn't touch it. Too bad "Monte" is such a modest hero.

Ralph Dickey, '16, has been operated upon for appendicitis. His condition is not serious.

Stanley Spratt, '18, suffered several days from similar attacks but escaped without an operation.

We have some second team. Uncle Walt says, He would like to see them go against the Varsity. Shouldn't wonder if it would be some game from the way they showed against Westbrook Seminary, Saturday.

Herbert Jewett, '15, has resumed work at "The Tavern", after a vacation of a week caused by illness.

If you want to forget your troubles see Donald Meek in "Charley's Aunt."

We have a real Greek letter fraternity in our midst.

Received too late for publication last week. The Cunarder Lusitania was sunk off the Irish coast by a German submarine.

Roosevelt testified in Syracuse that our course was perfectly clear. Too bad we are not all as clear sighted!

Startling news!

Two new subscribers for the student. It's getting up close to 90 alumni that take the student now.

We can't find out what they are digging up the Campus around Rand Hall for. As soon as the secret is made public, we will print a special edition.

The most current remark of the week, "Campus looks swell, doesn't it?"

"Joe" European plan, has added pies to his menu. One hot dog, one piece of lemon pie, the lazy man's breakfast. Poor feed for a hang-over.

The most sensible request of the season is to keep off the top of the Halls. If you want to see the ball game go pay your money like a man. Don't be a piker.

Y. W. C. A.

The Bates girls were particularly happy to receive a visit last week from their traveling secretary, Miss Margaret Flenniken. She remained here two days, and during that time held conference with the Y. W. C. A. cabinet and the different committees. At the Y. W. C. A. meeting, Wednesday night, Miss Flenniken addressed the girls on "Purposes." After the meeting an informal reception was held in her honor. At the regular conference hour Thursday morning,
Miss Flenniken again addressed the girls. She particularly urged the necessity of giving one's best, not one's second-best. Miss Flenniken had planned to go to India next fall, but she has been obliged to change her plans; and Bates girls will be glad to see her here again next year.

JORDAN SCIENTIFIC SOCIETY

On Monday night the Scientific Society held the last meeting of the year at which papers by the members will be presented. Each member has now given a paper and the result has been very satisfactory. The first paper Monday night was by Townsend, '16, on "The Inductive Motor"; the second by Fuller, '15, on "The History of Mathematics"; the third was by Fossett, '15 on "The Modern Telephone."

The next meeting will be on May 24th, at which Mr. Watson will address the Society on the interesting and practical subject of, "The Corrosion of Iron."

ENKUKLIOS

The annual business meeting of Enkuklios will be held on Saturday evening, May 15, in Fiske Room, Rand Hall. The election of officers will take place at this meeting.

Saturday evening, May 8, at Rand Hall gymnasium, an exhibition of athletic work was given by the classes which have been directed by Misses Durgin, Tilton, Beane and Mills of the Senior class. The program was most pleasing, and consisted of various folk dances, marches, and days' orders.

The Student Volunteers went to Brunswick last Wednesday evening, presenting a program there.

THE ROUND TABLE

The annual guest night of the Round Table was held in Fiske Room, Rand Hall, Friday evening, May 7. Dr. Hartshorne presiding, and Professor Robinson was the speaker of the evening. He first gave an interesting explanation of his subject, following it with the reading of Browning's "Saul". At the conclusion of the program, refreshments of ice cream and cake were served.

The hall was prettily decorated with potted plants, palms, ferns, and pinks of garnet and white. Adding much to the enjoyment of the evening, also, was the kind assistance of the Girls' Mandolin Quartet and of the Boys' College Quartet, who furnished the music for the evening.

DO YOU KNOW THAT—

Last week 26 athletic events were staged at Harvard.

Beginning next year, Yale will have two Sunday Services at Chapel.

The twelfth annual meeting of the New England Modern Language Association was held at Boston University, May 8.

The new wireless installed in the electrical laboratory at Harvard, recently picked up a message direct from Berlin.

Oberlin recently presented Euripides', "Trojan Women."

New Hampshire College has increased more than 25 per cent in enrollment. Her students now number 518.

Extensive preparations are being made for the summer session at the University of Chicago. More than 500 courses will be offered by 270 faculty members.

LYNNE DURRELL IN PUERTO RICO

Lynne Durrell of Kingfield, Bates 1913, is principal of the High School at Comerio, Puerto Rico, about 20 miles from San Juan. Mr. Durrell went to Puerto Rico last fall to teach in the grades but has recently been promoted to the principalship of the High School with seventeen teachers under him. The school building is a stone structure recently built at a cost of $50,000, and here they teach domestic science, manual training and other branches usually taught in the States.

Mr. Durrell is the only American teacher in the town of 1800 inhabitants. Nathan Butler, a former principal of the Kingfield High School accompanied Mr. Durrell to Puerto Rico and is now teaching at Naranjeto. Mr. Durrell is studying Spanish in connection with his other school work.
A DESIRABLE GREEK LETTER FRATERNITY FOR BATES

To the Editor of the Student:

In offering the following suggestion for what appeals to me as a highly desirable fraternity for our college, it is the farthest from my desire to reopen the mooted question of the social Greek letter fraternity. For some years now I have had opportunity for firsthand observation of the effects of these latter societies in a small college like Bates, and the result of such observation has been to change a feeling of mild welcome toward them into a positive conviction, that the divisive and other baleful influences of secret societies in a small democratic college far outweigh their admittedly good qualities.

But I have also had opportunity for firsthand observation of another Greek letter fraternity; I mean the Phi Beta Kappa society, whose terms of membership, as is well known, are solely scholarship and character and whose members are chosen from the best scholars of the senior class. The aim of this fraternity—the encouragement and recognition of merit—is in harmony with the soundest democracy; the element of secrecy is not an essential or obligatory feature of it. Indeed, it is surprising to me that such a society, embodying as it does the very spirit and purpose of Bates ideals, has not long ago found welcome and adoption in our college. I take pride in the jealous concern that Bates has ever displayed in opposing everything that militates against the life of simple living and high thinking, and in equal measure I regret the absence of this positive ally in realizing such a life.

In the college with which I am now connected one of the most unique and impressive mid-year events is the public initiation into Phi Beta Kappa of a number of seniors—usually three men and three women—who have led their class in scholarship. The program of the exercises consists of the admission of the new members by the use of a simple, dignified ritual and an address by a distinguished representative of the academic world. The past winter the speaker was Professor Talcott Williams of Columbia, who spoke in a live and illuminating way on “The Old Learning and the New.” Practically the entire student body was present, as well as some alumni and townspeople. This public act of the college in honoring intellectual ability made a manifestly deep impression on the undergraduates, as has been the case each year since the custom was inaugurated three years ago. The usual gathering of the society is still one of the events of commencement week. Probably the inauguration of this public meeting was due primarily to the desired effect on the undergraduate body as an incentive to scholarship.

It goes without saying that the athlete is held in high esteem by students and faculty, not to mention the general public. How fitting and urgent—in the face of general criticism of the colleges nowadays for allowing the athletic and social sides of college life to be magnified at the expense of the scholarly—to have such an organization and such a public event, to bear witness to the college’s con-
cern for the primary object of a student's presence in college.

Moreover, the intercollegiate fellowship into which Phi Beta Kappa would introduce Bates graduates after they leave the campus, would be a source of recurring satisfaction to them and reflect honor upon the college in the world outside. I have been told repeatedly by Phi Beta Kappa men of other colleges, who have long since graduated and possess matured views of life, that athletic honors and prizes won in college pale into insignificance in comparison with the pleasure which they feel in meeting and mingling with other wearers of the Phi Beta Kappa key, a perpetual reminder of membership—to recall Ex-president Eliot's phrase—"in the fellowship of educated men."

And so, with a lively sense of how much such a fraternity would mean to Bates and to Bates men and women, I want to assure you, Mr. Editor, of the gratification I should feel in seeing Alma Mater fostering such a society; as the most appropriate quarter from which it should get its impulse—as well as the typical Bates method. The inspiration that Phi Beta Kappa infuses into the truest aims of the college is something that is bound to permeate the whole atmosphere of college life. It helps make their college course mean more to the students who do not make Phi Beta Kappa; it is an occasion for honest pride and solid satisfaction, long after they have left college walls, to those students who win this honor.

Sincerely yours,

Everett Skillings, '97.

ATHLETICS

BATES-MAINE DUAL TRACK MEET

Last Saturday afternoon thirty Bates athletes invaded the little town of Orono, Me., and successfully upheld their reputation as hard fighters in defeat as well as in victory against the University of Maine.

In the first part of the afternoon Maine had everything her own way when her veteran track team defeated the newly developed Bates track team by the score of 87 to 39. Later, however, in the baseball game Bates reversed the tables and humbled the University team by a 6 to 1 victory.

Although the day was perfect for a field day the track was in terrible condition on account of the recent heavy rains. Consequently not only were the times slow but also the meet could not be called a fair criterion of the result of the State Meet next Saturday at Waterville.

Captain Small's performances were of the usual calibre. He won both the 100-yard and 220-yard dashes and was incidently the only Bates man to take a first place. Quimby, '18, ran splendidly in the hurdle races and was defeated only by inches. Although Drew, '16, took only third place in the pole vault he broke the Bates college record by clearing 11 feet. Syrene, '16, ran the quarter mile in his oldtime form, taking second place and defeating Boyd, '16, and Connors, '17. Pinkham, '16, won his track letter by tying with Palmer of Maine for first place in the high jump.

Bailey of Maine equalled the All-America College record in the hammer throw by a heave of 173 feet, 6 inches, and bettered his own mark by twelve feet. French of Maine broke the M. I. C. A. A. record in the broad jump by nearly one foot.

The Summary:

100-yard dash; won by Small, Bates; 2nd Lawry, Maine; 3d Butler, Bates. Time 10 3-5 sec.

220-yard dash; won by Small, Bates; 2nd Leecock, Maine; 3d Butler, Bates. Time 24 2-5 sec.

440-yard dash; won by King, Maine; 2nd Syrene, Bates; 3d Boyd, Bates. Time 55 1-5 sec.

880-yard run; won by Dempsey, Maine; 2nd Mansfield, Bates; 3d Kerr, Maine. Time, 2 min. 9 1-5 sec.

High Hurdles; won by French, Maine; 2nd Quimby, Bates; 3d Head, Maine. Time, 17 2-5 sec.

Low Hurdles; won by French, Maine; 2nd Quimby, Bates; 3d Boyd, Bates. Time 28 4-5 sec.

One Mile Run; won by Wunderlick, Maine; 2nd Bell, Maine; 3d Lane, Bates. Time 4 min 43 sec.

Two Mile Run; won by Preti, Maine; 2nd
Herrick, Maine; 3d Doe, Bates. Time 10 min. 40 sec.

Shot Put; won by Allen, Maine; 2nd Bailey, Maine; 3d DeWeaver, Bates. Distance 43 ft. 8 inches.

Discus Throw; won by Bailey, Maine; 2nd Pinkham, Bates; 3d DeWeaver, Bates. Distance 125 ft. 7 inches.

Hammer Throw; won by Bailey, Maine; 2nd Gulliver, Maine; 3d Quimby, Bates. Distance 173 ft. 6 inches.

High Jump; Pinkham, Bates, and Palmer, Maine, tied for first; 3d Head, Maine. Height 5 ft. 4 inches.

Broad Jump; won by French, Maine; 2nd Rowe, Maine; 3d Keaney, Bates. Distance 23 ft. 2 inches.

Pole Vault; won by Williams, Maine; 2nd Ilutton, Maine; 3d Drew, Bates. Height 11 ft. 5 inches.

Ruffner rf 3 0 0 1 0 1
Rowe 3b 4 0 0 1 0 0
Baker e 4 1 1 11 2 1
Phillips ef 2 0 0 1 1 0
Driscoll p 1 0 0 0 1 1
Frost p 1 0 0 0 5 0

Bates 0 0 0 5 0 0 0 1 6
Maine 0 0 1 0 0 0 0 0 1

Totals 30 1 4 27 12 3

The baseball game last Saturday with the University of Maine at Orono was certainly a marked contrast to the Bowdoin game on May 4th. The listlessness of that first championship game was missing and in its place was lots of life and 'pep', with Captain Talbot on first base a better collegiate infield can not be found.

Monte Moore had the game thoroughly in hand at all times and allowed only four scattered hits. Driscoll was removed from the box at the end of the fourth inning after five runs had been scored on him.

The score:

BATES 6, U. OF M. 1

The second team lost its first game of the season Saturday to Westbrook Seminary. The game was played on the field next to Roger Williams and the trees hindered the fielders from capturing any long flies.

Wight pitched his first game in two years and did good work, besides being supported well. Carter, Westbrook's pitcher, played a great game, striking out thirteen men and driving out two two-baggers and two singles.

Double plays, Swift, O'Connell, Swift, Jones, Dow. Hit by pitched ball, Phelan.

The score:

WESTBROOK 6, BATES 2nd 4

The third championship base ball game of the season was won by Maine yesterday. Bates greatly outclassed the visitors at the bat but failed to bunch their hits. Maine actually earned one run the other three runs being obtained by errors. It was a hard game to lose. For the most part Moore pitched an excellent game and except for a few misplays the team fielded perfectly.

The score:

### ALUMNI NOTES

**1874—**Friends of Dr. Thomas P. Smith of Westbrook will be grieved to learn of his death, after a long illness, on May 7.

**1908—**W. E. Libbey is assistant professor of obstetrics and gynecology in the medical department of the University of California, at San Francisco.

**1909—**Grace E. Haines teaches French in the Portland High School.

**Wallace F. Holman is principal of the High School at Guilford, Maine, and teaches sciences.**

**Ralph S. Hayward is teaching mathematics in the Crosby High School, at Waterbury, Conn.**

**Carl Holman is superintendent of schools at Falmouth, Mass.**

**Carl Thatcher Pomeroy is an industrial health inspector in Boston. His address is 1 Beacon Street.**

**Ralph G. Reed is principal of the Solon, Maine, High School, where he teaches sciences and French.**

**Frederick C. Lovejoy is a student at Tufts Dental School. Mr. Lovejoy teaches in an evening school at Revere, Mass.**

**Nathaniel Phillips is principal of the grammar school at Marshfield, Mass.**

**Raymond S. Oakes is a lawyer, located in Portland, Maine.**

---

**1912—**Mr. and Mrs. Joseph Linehan (May Holmes, 1913) have a daughter, Mary. Their home is in Searsport, Maine.

**Vaughn S. Blanchard is track coach at New Hampshire State.**

**Beatrice E. Neal is teaching mathematics and German in the Plainfield High School, Central Village, Conn.**

**C. N. Stanhope is a student at the Maine Medical School.**

**Mrs. Carl E. Stone (Josephine Stearns) is at home at 2944 Dye St., Indianapolis, Ind.**

**1912—**The engagement is announced of Clarence H. Brown (Bates 1912) to Miss Elva Gilman.

**Belle Twombly is teaching in the high school at Townsend, Mass.**

**Evangeline Redman is teaching for the third year in the Dexter, Maine, High School.**

**Walter E. Lane is teacher and coach at Sanborn Seminary, Kingston, N. H.**

**Marguerite Goss, formerly of 1912, has recently lost her mother.**

**Ethel E. Downing is teaching in the high school at Easton, Me.**

**1913—**Harold C. Alley is a student at M. I. T. His address is 31 Bradford Ave., Roslindale, Mass.

**H. R. Houston is superintendent of schools in the district of Mattawamkeag, Maine.**

**Leon E. Cash is principal of Litchfield Academy, Litchfield, Maine.**

YOU DON'T “Pay for the Name”
When you buy Something “Spalding”
You pay for—and get—Satisfaction.
The name, as evidenced in the Spalding Trade Mark, is put on as a guarantee of what you pay for.

Official Equipment for BASE BALL, LAWN TENNIS, GOLF, BASKET BALL, TRACK and FIELD SPORTS.
If YOU are interested in Athletic Sport you should have a copy of the Spalding Catalogue. It's a complete encyclopedia of what’s new in sport and is sent free on request.

*Granted leave of absence during the present college year

Thorough courses (largely elective) leading to the degrees of A.B. and B.S. Careful training in English Composition, Oratory and Debate. Thorough courses in Engineering and in subjects leading to these. Elective courses in Mathematics extending through the last three years. Excellent laboratory and library facilities. Up-to-date methods in teaching Greek, Latin, French, German, Spanish, History, Economics, Sociology and Philosophy. First-class Athletic field. New outdoor running track. Literary societies. Moral and Christian influences a primary aim. Active Christian Associations. A graduate Y. M. C. A. secretary.

Necessary annual expenses for tuition, rooms, board, and all other College charges from two hundred and twenty-five to two hundred and fifty dollars a year. Steam heat and electric lights in the dormitories. Ninety-nine scholarships,—ninety-four of these paying fifty dollars a year, the other five paying more.

For special proficiency in any department, a student may receive an honorary appointment in that work. Such appointments for the present year are as follows: Latin, Harold B. Clifford, '16; Frances V. Bryant, '15; Biology, Paul R. Smith, '15; English, Marion R. Cole, '15; Hazel A. Mitchell, '16; Mathematics, Earle A. Harding, Charles H. Higgins, '15; Chemistry, Charles H. Higgins, Horace J. Davis, Lewis Jordan, Earle B. Clifford, '15; History, Helen M. Hilton, '15; Oratory, Leslie R. Carey, Gwendolyn Greene, '15; Argumentation, Harold W. Buxer, Harriet M. Johnson, '16.

For further information address the President.
