Pres. Gray Commands Co-ed Play Directors

By Prof. Clinton G. Gray

When I first asked to write this article, I was told by some of the members of the Bates Dramatics that the President of the college through all his years never asked to write an article. I must confess that this is not true. Mr. Gray asked me to write an article for a few months ago. However, I did not write an article for some months because I had some other things to do. Finally, I decided to write an article for this issue of the Bates Dramatics.

The article is about the Co-ed Play Directors. The title of the article is "World-Famous Exult Speaks This Plan Sund".

World-Famous Exult Speaks This Plan Sund

George Sokolky

Canadian Students Debate Tomorrow

Will Be One Of Few International Debates This Year

The College Chapel again becomes the locale for a Canadian-American debate on Thursday evening at 8 o'clock in the Chase Lecture Hall. The topic is "The American Way of Life" and will be contributed by the Bates College students. The debate will be presented under the auspices of the National Student Debate Association.

Sokolky is widely acknowledged for his knowledge in this subject. In his speeches, he always uses a good deal of humor. He also has the ability to make his points clear and concise.

Noted Speaker

Canadian Students to Debate Tomorrow

The debate will be one of the few international debates this year. It will be held in the Chase Lecture Hall at 8 o'clock. The topic of the debate is "The American Way of Life". The debate will be presented under the auspices of the National Student Debate Association.

**Mother's Week End**

This week marks somewhat of an anniversary of a cherished college tradition, being the fifth annual Mother's Week End. Sponsored by the Women's Student Government Association, the tradition will be continued this year with the cooperation of the administration, and the faculty; and, above all, to give the mothers always look back on with enjoyment.

**Election Aftermath**

With the final tally made, it is now possible here to checkmate the activities of the Parisian dictators. Remuneratively speaking, as-1-dent suddenly wakes up to the awful possibility here. The people of this country are of many different philosophies and interests. Belief in democracy means the belief that the ordinary man, the man of the people, has a right to a voice in government, either directly or indirectly. It means that the government shall be responsible to the people. It means that the people have the right to know what the government is doing. It means that the people have a right to express their will on the question of their country, as well as on the question of the world. And it means that the people have a right to elect the leaders who shall govern them.

**WAA Winter Season Offers Three Sports**

The final games of the hockey season this year were played on Saturday at the arena in Lewiston, with the Bates team winning against Bowdoin and Cliff, 2 - 1. The Bates squad was composed of: H. W. Huntington, Captain; C. C. Blake, F. C. Tobey, J. A. Jackson, W. W. Rowe, J. H. K. Deering, and T. C. Weeks. The Bowdoin team was composed of: W. A. Mahoney, Captain; E. H. Wideman, F. C. Stanley, G. H. B. Southworth, B. S. Clark, and E. H. Young. The score was 2 - 0 in favor of Bates.

**Rowe Hopes To Extend Unlimited Cats To More Underclassmen**

In the light of Mr. Harry W. Row's report about two weeks ago on the administration's intention to put an end to the system of unlimited cuts, it seemed necessary to clarify some points of the policy. Mr. Rowe himself personally favors a gradual extension of the principle of unlimited cuts. He pointed out that one of the main reasons for this policy is the desire to make the student feel more adult, and to give him more freedom in his choice of work. This extension of unlimited cuts will reduce, instead of increase, the burden of college life upon the student, and will give him more freedom in his choice of work. The administration will be kept informed of the needs of the students, and will be able to adjust its policy accordingly.

Bobcat Hopes

At the end of the season, the only chance to get a good look at the slate as a preview for next year is in practice. And, as a result, the Bobcat hopes for the coming season are high.

The defense has the advantage of having many players back. The defensive backfield, led by John Boyan, is expected to be a strong unit. The line, with the addition of Joe LaRochelle, is also expected to be a force.

On offense, the quarterback spot is a concern. Mike Melody, who was All-State center last year, will be back next year, and the offense should improve as a result.

The Bobcats will be tested early in the season with a game against the Bates 11 and the return by Al Petties of the visitors, who had slipped past the secondary to take the pass on the 18 and to jaunt home six points in their season opening 25-13 loss.

Another wild pass from center set the stage for the last Bobcat touchdown. The pass was intercepted by Capt. Sturgis, Parmenter Star

Harries Loses To Sophomores, 34-21

West Parker finished second best: total of 18 points. This is football but likes hockey, too. Summer he worked at a day camp for boys in Pittsfield, Mass., as the Boystown Boys' camp season opened.

With Chestefields the smoking situation is always well in hand—Chestefields have what smokers want. Chestefields' right combination of American and Turkish tobaccos makes it the smoker's cigarette.

Do you smoke the cigarette that satisfies?
