The Vanety Club was started back in January. There were many new faces this year. Each "slave" (initiate) gets a "mas- ter" who will be his guide for the rest of the year. The club has four main committees: initiation, athletics, entertainment, and business. The club meetings are run off for- mally and every member is expected to attend.

The club has initiated the Friday night smorgasbord to which all students are invited. The club has sent to the town press, local high school newspapers, and local news- papers in all the surrounding towns, and the students have been very interested. The club has also started a fund drive for the football team, and they have been very successful so far. The club wishes to have more support from the student body.

The Vanety Club has the most active organization on campus. Very few of the students know much about it. We believe this lack of interest is due to the fact that the club is run by the students and not by the faculty. The club has a very active student body and is very well-organized.
