Scene Around

By Dorothy P. Mansfield

The 101-room inn on a lovely chestnut hill, with its airy colonnades and windows, was the setting for the recent annual meeting of the Student Christian Movement and the International War Students Union. The meeting was held at St. Margaret's, Normal, Illinois, and represented the first attempt to combine the work of these two organizations. The Student Christian Movement is a Protestant group, while the International War Students Union is an interdenominational organization of Christian students in colleges and universities throughout the world. The meeting was attended by more than 100 delegates from various parts of the country, representing 50 colleges and universities. The purpose of the meeting was to discuss the role of Christian students in the world's current problems and to plan for future activities. The delegates adopted a resolution calling for increased cooperation between the two organizations, and for the establishment of a world council of Christian students. The meeting was a significant step in the development of a united Christian student movement.
Three-Year Day

To the editor:

Horace Wood, Arnold Leavitt, Horace Wood, and Arnold Leavitt, all members of the varsity track team, are now receiving their three-year track certificates. This marks the first major change in the school's tradition of honoring the student-athletes who have completed three years of track and field participation.

The three-year certificate is a significant milestone for these students, as it recognizes their commitment and dedication to the sport. It is an achievement that reflects not only their athletic prowess but also their teamwork and perseverance.

On behalf of the school, I would like to congratulate these students on this accomplishment. Their dedication and hard work have not gone unnoticed, and their achievements are a source of pride for the entire Bates community.

Sincerely,
