Armistice Day — 1942...

Exactly twenty-four years ago this morning, the world happily celebrated the first Armistice Day. Every year now many of those same people are seeing a repetition of the same event — all through the World war that has taken place. Everywhere the scene is the same. The war almost everyone glad that the war was over.

Now many of those same people are seeing a repetition of the same event — all through the World war that has taken place. Everywhere the scene is the same. The war almost everyone glad that the war was over.

Armistice Day — 1942...

This afternoon’s contest with Colby on Garcon Field will perhaps be the final varsity football game for the duration, but to eight seniors it will terminate four years of wearing the Garnet. Although the State Series Crown has already been won by Hebron, determination to preserve the finishing in the cellar position will drive these men to their utmost power in their Adieu to the Bates gridiron. In their respective careers at Bates they have been in the unique and rather difficult position of having worked under four different coaches. Their freshman coach was Buck Spinks, popular mentor, and now a Major in the Field Artillery. Manly Mansfield, who returned to Springfield in the spring of ’41, guided them through their sophomore year. Last year Dyck Pond, now Lewiston, brought them to within an inch of the State Championship with one of the most powerful eleven in those parts for a good many years. Nothing need be said about the present coach, Warden Clifford, who led the underprivileged Squad into the State Series only to come out with two losses.

This most easily recognized player on the field at any time is North John, 6’1 and 190 pounds of the most consistent hitting bats in the State. He has been a consistent starter since his high school days, and was named most consistent All-State last fall. Transferred to Harvard in 1941 but soon decided to return to Bates. He is a fine student, accepted by Bates, and is considered a fine player. North John is the leadoff hitter in the Bates batting order and is noted as the hardest hitting player in the State. North John has been accepted to Harvard, but when he was accepted, he received a back injury and is not expected to play this fall for Bates. Norm has been assigned to Infinite and is a good player. He is a fine left-handed pitcher. North John has been accepted by Bates and is considered a fine player. North John has been a fine player for Bates and is assigned to Infinite. He is a fine left-handed pitcher and is expected to play this fall for Bates. North John has been a fine player for Bates and is considered a fine player.

The Bates Jayvees’ victory string will perhaps be the final varsity football game for the duration, but to eight seniors it will terminate four years of wearing the Garnet. Although the State Series Crown has already been won by Hebron, determination to preserve the finishing in the cellar position will drive these men to their utmost power in their Adieu to the Bates gridiron. No! You Couldn't! No! You Mustn't! The Student, always ready to lend a helping hand, was prepared to receive the merits of the "Chue," but his sudden withdrawal from the journalistic boards of the Chips. "Who said we were," was his answer. "We were just about to leave."

AUBURN

AVON

Mr. Bertocci Returns Next to the Auburn area will return Professor B. Bertocci, Dean of the Education Department. He is expected to be here early next week.

No! You Couldn't! No! You Mustn't! The Student, always ready to lend a helping hand, was prepared to receive the merits of the "Chue," but his sudden withdrawal from the journalistic boards of the Chips. "Who said we were," was his answer. "We were just about to leave."

Dr. Scott, the district pediatrician, was in the office today and was a steady visitor. Happy birthday.

Hood's Delicious Ice Cream

Come to the Shop in Chase Hall.

Watch out for the new parking rule. The police are especially interested in the administration's efforts to control the parking problem on campus. The administration has been working on this problem for some time and is hopeful of finding a solution.
