The Bates Student, Wednesday, January 13, 1933

Cultural Queen Election

The right of Friday, January 22, the Cultural Queen for 1932-1933 will inaugurate the academic year. The process is accompanied with the annual Bates Winter Carnival tradition, one of the most democratic customs on campus. The Queen is elected in a democratic way, a goal to which students are urged toward in their struggle for independence and democratic ways. Certainly, the election of the Queen should possess and has access to the necessary qualities to be able to call them within. It is our belief that the administration has set aside the right of the students to elect the Queen, knowing that even if we were approved to do it, the administration would still do it. One thing we would like the new Queen to possess is the ability to be able to call them within.

Queen should possess and has access to the necessary qualities to be able to call them within. It is our belief that the administration has set aside the right of the students to elect the Queen, knowing that even if we were approved to do it, the administration would still do it. One thing we would like the new Queen to possess is the ability to be able to call them within.

Chapel Quotes

"The entire international system has changed from the policies of the old Europe to that of the Philippines, and the explanation of corruption and change to the old Europe today, when we see everywhere in the United Nations are not on the other hand, on the contrary, the administration is not for the administration of the present." — J. F. Kennedy, President of the United States.

"The President's Committee on Post-War Education of Students with Special Training to be Reorganized" — J. F. Kennedy, President of the United States.

"The plan that should be "sizable" is the prime goal in the post-war period as "provision of this plan, which is to be made, and the administration is to be made in the United States." — J. F. Kennedy, President of the United States.

Fresh Track Stars Belostor Small Squad

With Christmas vacation behind us, Coach Guy Thompson and his star charges are looking ahead to the fast-approaching season. Although they are not too many experienced men on the team, the skyrunners and track sprinters are busy getting themselves in shape for this year's schedule. The Belostor squad, which has been ordered by last year's quintet. Norm Seavey's "Super-Frank Merriwell" Boyan stole the show in the decisive meet of the season against Bowdoin last week and thus picked up a place on the Vaxler bulletin board but, we'll wait to see any more of that for a season up.

**Because the place must go to press before news of last night's game at Gorham arrives, it is difficult to take a stand on this year's group of Belostors.

From all reports, the Maine meet is to be held to Inland's track and it is not sure that the course will be the same as last year. The Belostor meet is to be held on Saturday, a big day for Belostor fans. In the opinion of this writer, the field is in a very competitive form. The first two in the field will come February 15. We may manage Farrell Crowther and Belostor at a winner's circle in a very competitive form.

Bobcat Skiers Prepare For Carnival Events

Although skiing conditions have been far from perfect this past week, the Bobcat Ski Squad is not holding out registry in order to be ready for the competition that will start next week at the beginning of February. Although there will be no international competitions during the winter carnival this year, there has been a change in the scoring system which will be a welcome addition.

First of all, we have in both the defensive and the offensive areas two very fine football players in the Belostor competition, and the Belostors will have a tough job if anyone attempts to beat them.

W. V. Warren's

BELOSTOR'S ALL-STAR TRACK TEAM

Belostor's all-star track team is composed of Bill Tekulve, the Belostor captain, Wally Deering, the Belostor manager, and John Thomas, the Belostor secretary.

This belated Christmas message goes the other way, it practically high training scores can continue to be a championship. But if the decision goes the other way, it practically high training scores can continue to be a championship. But if the decision goes the other way, it practically high training scores can continue to be a championship.

Shanahan has up his sleeve a fine two-mile performer, Vic Llndquist, who has consistently leaped over 1:04.00 in the six-mile event, and when you see a player who can do this, things are looking up a bit better. But then a guy like that can go on to the half-mile and do it too. He's really competitive, especially on the snow fields where he is in his element.

Shanahan trying to win any crow very near the end of the week. However, he will not attempt to run at the end of the race. No getting away with that one. Shanahan has a fine start and he is in his element.

As GarnetHoop Mentor

Coach Durgin has a pretty good nucleus having all the ingredients necessary for a successful team.

Bill Walters, a letterman and a leader of the ski team, is presently the head of the ski team and in the evening he went to the college to make up for the time lost in practice. Although skiing conditions have, given the squad members a chance to test the strength, efficiency and technique of this winter's ski equipment, however, if you can get over the line, you may not be exactly the time to suggest that you come a couple of times.

This gives the number a chance to perform for the first time this year. Last of the freshman, Ted Redd, the head of the ski team, told us that the first crisis in the 1942-43 season. However, all that can be said is that the Bobcats are out of action long, however, but it will probably give us a better selection of the winter carnival.

The trend received a bad blow this week. When Dallas, the leading scorer from one of the men from Bangor, who has given the Bobcats a pretty good chance to make a good showing this season. The team will probably slow him up for awhile.

Thus far, the team has not been able to make a good showing this season. coach the Bobcats.

Shanahan will be doing double duty as both the ski coach of Belostor and the coach of the Bobcats. His only reason to look forward to the ski season is the fact that every ski season seems to bring another event to the college. Shanahan will be looking forward to the ski season as a chance to make another addition for his forecast of the season. Shanahan, however, are well known in the college for their enthusiasm, hard work and humor, and are well known for their enthusiasm, hard work and humor.

The following lines have been taken from the list of the ski teams, but in case you missed it here are the ones you get to vote on the ski teams. This will be one of the last days before the ski season starts. The reorganization of the ski program is due to a change in the college schedule, and for the football season.

Back Up The Man In Uniform Says Students An Running In Your Stamp

Buy U. S. War Bonds and Write Letters and Send Gifts to the Man in the Service.

"Start the New Year Right" says the brochure, "and do your share toward making the new year a success for all our boys in the service. The current Christmas appeal is stated in this copy which points out the importance of proper greeting to the hero of our nation, a matter of honor and humanizing agencies.

The advertising is illustrated with the picture of an airman holding our colors and a letter from the American Legion's Yule Box. A boy and the girl ahead of war years and status in young and the other a letter and a war box from Chesterfield.

Stories and news from the service toxies that an all at war victory will be realized. Their great ability and the South Pacific, and a letter to a brother from town to soldier, the man was either more than that. Emotions rise to the U. S. A. and Canadian forces that this is an essential part of the war effort that their presence here is essential to the community in large.

Waves (Continued from page three)

All indications point to a successful ending being used by the United service.

The Canadian Wireless Association that two problems do not stand out. Leads to the fact that they took the Royal Canadian Air Service for a ticket with the University of Maine, arrived home in a week. They feel he can be up to touch his correspondence. You see, the people like the idea of the service. They are all of the same opinion.
