Boston Orders Close
Reserve Situation

Reserves Lt. Colonel Edmond's Telephone
Message Of Last Week

To the attention of all cadets.

A message has been received from the
First Service Command that will concretize
some of the points that have been discussed
in the past.

The First Service Command has
ordered that all cadets be kept on a
strict diet for the next two weeks.

This order is due to the
expected increase in the number of
enemy aircraft in the area.

The cadets are
required to follow the diet strictly,
and any deviation from it will result
in disciplinary action.

The cadets are
also required to report
immediately to the
First Service Command
if they notice any
suspicious activity.

They are
also asked to
report any
suspicious
activity.

If you have any
questions or
concerns, please
report them
immediately
to the
First Service Command.

This order is
in effect
until
further notice.

The cadets
are
required
to follow
the
diet
strictly.

Any
deviation
from it will result in disciplinary action.

If you have any
questions or
concerns, please
report them
immediately
to the
First Service Command.

This order is
in effect
until
further notice.

The cadets
are
required
to follow
the
diet
strictly.

Any
deviation
from it will result in disciplinary action.
Last Editorial...

It is often the case that in his last editorial an editor talks as much of the college and its administration to task as is possible. I (excuse the dropping of the editorial we) not only find it difficult at this time to conjure up such a vituperative mood for myself, but I feel that my last editorial as editor of the Bates STUDENT should have more to say than just criticizing.

There may be many things wrong with this college, but right now it is fighting for its existence along with the other liberal arts colleges in the country, and it is up to the loyal alumni and students to help it make the quickest possible readjustments with the least amount of heart-ache. It is funny how much one can learn in four years of college, it is also funny that when the time comes for him to go, even though he is filled with some expectation and anticipation for his new adventure, he still does not relish leaving behind all the friends and all the fun that he has enjoyed in four years, or three years, or even less.

But what is the use of reminiscing? I would like to close my journalism endeavors at Bates with a few words about what I would like to see at this college after the war. First, I would want to know that the same spirit of comradery that prevailed here was still here. Second, I would like to know that there is still a place, even a larger one perhaps, for the financially handicapped but intelligent student. Third, I would like to see an extension of the powers and duties of the student government organizations. Fourth, I would like to know that even what little race prejudice that exists here has gone by the board.

Maine Nips Bobcats On Basketball Court

By Walter E. Hoyan

By the slender six, Maine won its ninth victory of the year over the Bobcats of Bates College by a score of 46-40. The defeat was the third for Bates in as many games and the second in a row in the Maine-Maine series. Bates, which had been left in the shadows by the better teams in the league, managed to make a fight of the game until the last moments of the contest when Maine, in fine form, put the finishing touches on the Pauls Valley job.

Durnginnen Gain Fifth Place At Dartmouth

In competition with the best skiers in the East, the Bobcats, led by Jack Ireland, placed fifth in the 75th meet at Dartmouth last weekend. Dartmouth, perennial champion and nationally noted for such all-time greats as the Durrance brothers and MacLeans, was upstaged by a well-balanced team from the University of New Hampshire, 65-5 points to 64.65. By virtue of defeating Middlebury, Maine and Harvard, Bates will remain in the senior division and when skiing is restored after the war the Bobcats may again ski against Dartmouth and company.

Ireland was definitely one of the better skiers, nailing a first place in the one mile, fourth in the downhill, and second in the combined; finishing directly behind Capt. Mo Dense of Big Green, who was the individual high point scorer of the meet. The finishers from Lewiston included Ireland, Vic Lokey, Fred Jones, Bob Verron, and Dave Sawyer.

The conditions at Hanover were big beans, with a three mile cross-country course, twice the local route; a 110 foot jump, contracted with Bates' 09 foot jump; and the borrow of Hill Ideal for a down hill trail.

SPORTS PHOTO BY TOD GIBSON '44

There's absolutely nothing left to the state scoring race now. Jack Joyce holds a 10 point lead over his nearest rival, Gen. Hunsley of Maine. Hunsley and Tuffy Draper may steal the spotlight for the next week or so as they battle it out for the running title. The Black Bears have four games left, the Bobcats three, the Rams two, the Huskies one, but the Huskies' advantage is a pair of losses. If Colby doesn't catch up in the last two, the 22.'s will give the Green Years a three-peat in the league too — and if you don't think that Colby will catch up in the last two, you've heard the last of Joyce with twelve points. And the two teams more than ever are the cream of the league's lone scheduled Saturday tilt. Dorm South-Middle cluster in the BAA meet and, as a result, no gym director Monte Moore took in the Thursday night action and the fans at the BAA games with it, and there is no news of their teams. Athletic Director Monte Moore took in the Thursday night action and the fans at the BAA games with it, and there is no news of their teams.

Bill the Barber

**"WONDER WHAT THAT FELLOW THOUGHT ABOUT THE BIG DROP?"**

"Did you know that high altitude makes you thirsty?" Dehydrator', they tell it. Who wouldn't want on ice-cold Coke. Coke-Coca-Cola in America speaks forever, it adds refreshment, and it tastes..." and deliciousness all its own.

And quality you count on. Makes you feel good. You feel good, and you count on it.

First of all, is the WAAC really needed?

Emphatically yes! Already the President has authorized the Corps to expand from 25,000 to 150,000. The Air Forces and Signal Corps have asked for thousands of WAAC members to help with vital duties. Both Ground Forces and Services of Supply are asking for thousands more. Munitions of the WAAC may be used to help supply the Army anywhere—some are already in Africa and England.

Can the WAAC really win the war?

The whole idea of the WAAC is to replace trained soldiers needed at the front. If American women pitch in now to help train the WAAC faculty adviser for more details.

What can my college education contribute?

College training is important equipment for many WAAC duties too long to list. Cryptography, drafting, meteorology, laboratory work, Link trainer and glider instructing, for example. If you are a senior you may enroll at once. If you are a junior you may enroll at the 11th month—with all equipment from your toothbrush to clothing, food, quarters, medical and dental care provided. WAAC officers earn from $150 to $333.33 a month.

But can I live comfortably on a WAAC pay?

There are few civilian jobs in which you could earn clear income as WAAC enrolled members do, of $50 to $138 a month—with all equipment from your toothbrush to clothing, food, quarters, medical and dental care provided. WAAC officers earn from $150 to $333.33 a month.

Men of the National Institute of Affairs.

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today are the girls in khaki! Some callisthenics and drilling are vital to good health, discipline and tuned-up reflexes. After a few weeks at Fort Des Moines, Dayton Beach or the new Fort Oglethorpe training center you'll feel better than ever in your life.

Maybe I wouldn't like the work?

People are happy doing what they do well. Every effort is made to place you where your service will count most.

The training and experience you get in the WAAC may equip you for many stimulating new careers opening up for women.

What are my chances of promotion?

Excellent. The Corps is expanding rapidly and needs new officers, both commissioned and noncommissioned. Those who join now have the best chances.

What is the age range and other requirements?

Very simple. You may join if you are a U. S. citizen, aged 21 to 44, inclusive, at least 5 feet tall and not over 6 feet, in good health—regardless of race, color or creed. But the Army needs you now—don't delay. Total War won't wait!

Linguists needed. If you speak and write Spanish, Portuguese, Chinese, Japanese, French, German or Italian, see your local Army recruiting office now. You are needed for interpreting, cryptography, communications.
