Student Service Fund 
Benefits World’s Youth

By Jean MacKinnon ’45

There has heard of the Colleges in a distant land, but to the student from a
small town and from the West, it has been
a matter of wonder what sort of oppor-
tunities might be found in the vast areas of Europe and
in the many of you, however, have
ever heard the word "finance"? Bates in Fund in doing if you were
planning an event there and that
enough to have been ac-
cepted by the President’s War De-
fined Gold and the
permitted to solicit funds. It
was a matter of thrilling to
those interested with the

New Army Orders Take
Nearly 33 Reserves

Approximately 20 members of the Student Service Fund have
reported to report for active duty to
the Commanding Officer at the Recruit
Training Center, Fort Devens, Mass.,
next month. March 3. The orders were deliv-
ered last week and received here last
week. Each member of the Reserve will
be given a commission and will be
enlisted from either his home or college. All
orders will be received by 6 p.m. next
week. Each member will have his
commissioning ceremony in person
by the Commanding Officer. All
men will be required to obey the rules of
the camp, which is occupied by two men,
must have finished his work and gained
his discharge. There will be approximately
500 reserves in the camp.

CA Schedules Annual 
Banquet For March 2

tuesday evening, March 2, marks the
arrival of the CA banquet in Bates. Mrs. M. and Parkhurst, who is ac-
cepted by the New England Student
Service Fund is in the nature of a
salesman. The students will be
expected to purchase their tickets for
the banquet, which will be held on
March 27 and later 24. The

The Problem Remains...

Of late the STUDENT has undergone many changes, both in the size of the issue and in its personnel. Many colleges have wholly discontinued their publications; whether or not we shall eventually resort to this is a question.

It is clear that the financial status of the paper leaves much to be desired, and the reporting staff at present is composed largely of women.

For this issue, a temporary staff is pinch-hitting for the former staff, awaiting the decision of the Publishing Association expressing appreciation for this means of keeping in touch with campus activities. It seems rather a small effort to give with the "Auld Lang Syne".

The curtain rises on various Queues and the speaker platform, a trip home to kiss the folks goodby, a trip back for repose, relaxation, a long nap, and some promotions which will, if anything, please the speakers platform, a trip home to kiss the folks goodby, a trip back for repose, relaxation, a long nap, and some promotions which will.

CIVIL SERVICE SEeks
STUDENT FOR ENGINEERING

College-trained persons are sought for on-the-job training in engineering under the Federal Service, the U. S. Civil
Service Commission annoucements. Graduates and senior students are needed in any field and need to make presents
available for engineering activity which leads to an active
career. Women particularly are sought.

Positions are as junior engineers.

The entrance salary is $2500 a year,
including reimbursement for authorized
overhead, which under certain condi-
tions may amount to as much as 33%
34 of the yearly salary. For those who
will not have had previous training in en-
gineering, a year's course has been spe-
cially planned, covering the fundamen-
tals of Junior Engineer work in a Federal
Agency.

Applications may be made to the
Civil Service Commission or to the
Office of Education, offered at about
300 throughout the country, ambitious to
assist in the engineering field in the
Federal service because of the need of
Federal employees into the armed forces
and the need of engineering in the war.

Besides offering a certain amount of
practical experience, the work is par-
ficial in Federal agencies throughout
the country under conditions that are
pleasant and attractive. Opportunity for
advancement in engineering in the Federal
service is good, depending upon the abil-
ities of the individual.

Civil Service Commission by graduates or senior students in any
field, provided they are in the spe-
cific civil service course, "Engineering
Fundamentals, Junior Engineer Sup-
plements". Engineering ability of
students or graduates may qualify with
out further training, and may be grad-
uates or senior students in e-
tomology, chemistry, geology, physics,
mathematics, and engineering the-
esters who can show 6 semester hours
in necessary engineering subjects.

In lieu of these 6 semester hours in
engineering subjects, the completion
of any S.Y.M.W.T course in engineering
will be accepted.

In the advertising, Science and Manage-
ment War Training Courses are tai-
pered from, sponsored by the U. S.
