On Tuesday evening at eight o'clock, Mr. Gordon Poteat, in Chase hall, in conjunction with the Chinese Reliefs Week, spoke on the topic of "The Orient With and Without the Church." This meeting, another in a series of faculty Round Table Discussions, was presided over by Professor Robert B. Stewart.

A former faculty member of the University of Shanghai, and author of "Stand by for China," Mr. Poteat told of the 20 years he spent in China to the 185 Oxford Conference upon the Life and Work of the Church. Widely traveled, he has given many devotionals on this topic. The features of the speech were an analysis of the religious and educational problems confronting China and the Far East.

The Chase Hall Committee took a step forward in their attempts to remodel the Saturday night dances in their plans for getting back to a program of more entertainment.

During the hectic week that ended March 15, President Phillips, his family, Prof. Bertucci and his family, Prof. Woodworth and his family, Dr. Pomeroy, and Dr. Haggard, gave those present a penetrating analysis of the religious and educational problems confronting China and the Far East.

Mr. Liu Liang-Mo, well-known Chinese lecturer and writer, will be in Lewiston under the auspices of China Relief and will speak at the college at chapel on Wednesday morning, March 27. For the past three years, Mr. Liu has traveled 180,000 miles and lectured in every state before all elected groups. Mr. Liu has been a great morale builder in unifying both Chinese civilian and soldiers in work effectively to raise the Japanese invasion.

During the hectic week that ended, March divided her time be-

For the past week "Ducky" Pond with the able assistance of "Monte" Moore has been putting the baseball candidates through the paces. Although it is a little early for any definite predictions, it is clear that Bates will come up with a diamond squad that will be the team to beat. There are too many men back, and when they get in shape they will provide a nucleus that should be the base for a constant winner.

In years past the biggest problem has been that of molding a satisfactory batting crew, and this year it is bigger than ever before. The Red Sox have always had this problem to contend with, and this year it looks as if it will be even more of a problem. "Ducky" has a lot of material to work with, and the hope is that he can pull together a team.

"Monte" Moore has been putting the track team through strenuous paces, even though the physical education classes had to be recessed for a constant winner.

It will be three to four weeks before any definite prediction can be made of the Bates pastimers will be able to shine in the events, and on the list of long distance runners that are to compete in the Portland Boys' Club annual fifteen mile road race are well acquainted with his past record as a Bates harrier, and without a doubt he will be the man to beat. In the Portland Boys' Club annual twenty-mile road race he came up some time this week, for "Ducky" was absent for practice, and "Monte" was at the helm with murder in his eyes. Evidently he wants a team that will be comprised of 350 hitters, for he had three battters going in the cage at one time, and anyone knows that is murder for a cage that size. Fortunately no one was hurt, but near- ly all of them had to sit out two days as the result of constant-ly jarring around the crack of the bat.
