The Bates Intercollegiate Debate League had come full circle this year, with a record number of students and faculty participating. The league ended with a special event on April 15, which marked the conclusion of the first semester of debate in 1946. The event was attended by students from Bates College, Bowdoin College, and Colby College.

The debate was held in the Radio Room in Chase Hall at 3:30 p.m., with the winning team receiving $10.00. The student debaters were excited to see their hard work pay off, and the event was seen as a celebration of the achievements of the debates.

The debate was moderated by Dr. Wright, who announced the winners and commended the efforts of all the debaters. The winning team was Bates College, and the losing team was Bowdoin College. The debate was held on April 15 and was attended by a large number of students and faculty.

The debate was held on April 15 and was attended by a large number of students and faculty. The debate was held in the Radio Room in Chase Hall at 3:30 p.m., with the winning team receiving $10.00. Course in Social Education

One of the predominant gripes about campus seems to concern the opposite sex.

From both sides we hear the faults and idiosyncrasies of the other — their lack of worldly knowledge — their vanity, their crudity, etc. All this petty cen

sure seems to indicate a lack of adaptation to present college life and thus become more mature in worldly ideas, where

with his (her) fellow man.

Elections...

During the past week’s few interested students amongst us took them to the chapel on Tuesday and Thursday mornings in what apparently was supposed to be nominations and primary elections for class officers. Those of us who went were handed slips of paper demanding what

as "time", whereby both accept a mutual give and take policy —

or then again the extermination of these anomalies may require a course in "social education".

INSIDER... By Earle+ Albee'

This week the last game of the amateur basketball season was concluded with the championship play-off game the last Saturday night in the gym in the gymnasium and West Parker gym, and the last game of the season with the Western Baptist Portland, and for two or three reasons that they didn't stand a chance, but at the same time they showed a few East Portland and West Parker fans that they were a team that could match what was in front of them. For we all know that the first team has cut their crop for a long time and they were throwing the ball up for the first time to the first baseman, and just as I say that the put for the first time, they didn't have such a bad luck. If I remember correctly four runs were scored off him as I write this. We all know that Jep's is the biggest pitcher and he has had a day that he just didn't have his stuff.

The team as a whole looks very good and certainly deserves the name of the first team. A group of men that are giving as much as they can to make a team that will be im-

Robinson Players Score Again with "Pygmalion"

By Prof. J. Wesley Ingles

This is neither the time nor the place to write a serious essay. For a considerable number of years he has been a member of the staff of the University of Iowa, and he is somewhat disinclined to continue, after he left. There is an element of mystery in the old boy — his plays as well as his person — and the extension of "Pygmalion" by the Robinson Players last week gave ample evidence to his vitality. Written in 1912, some years before any member of this year's cast was born, the play still speaks dramatically to a new generation, provoking thoughtful laughter.

Although the play is entitled "Pygmalion," it is obviously Shaw's story in theavian version of the myth. And therefore quite naturally, Joyce Lord, as the cocky breezy girl who is transformed into a fastidious lady, demonstrates the status from her sniveling enunciation on the porch of St. Fiacre's in her spirited exit on the way to her father's wedding. She gave a real performance of the difficult role. To director Richard Lord she should go an extra word for her ability to put the Hogwarts method "in reverse" to create (in someone who is only one month!) a pulling and boorish coquette out of a serene young scholar, in which Miss Lord seemed somewhat self-conscious was the rising question of that claim to be "a good girl!" One will not fore go for a moment the delightful transformation of the girl who is here..."(Continued from page one)

Jane Gumpright, as the underpriviledged daughter of the middle class morality, offered by the Robinson Players this year has maintained and advanced the savagery reputation they have gained among amateur theatrical circles. They played a style for three nigh..."(Continued from page one)
