To Local Schools
Assembly. Announcement of the outstanding individual debater will be made to the first and second place winners in the league. Last week end the results of the first two rounds will be made known and the teams eligible to compete in the finals.

Debaters Play Host To Local Schools

Again this week end the Bates Intercollegiate Debate League will be host to a number of high schools in the league. Last week end the New Hampshire division was pres ent on the campus. On Friday April 12th, two schools from Maine will arrive in time to participate in the round robin tourney beginning Saturday, April 13th and 17th.

The proposition for debate will be: Resolved, that every army-bound male citizen of the United States should receive at least a month of military training before entering the service of war.

Prizes of trophies will be awarded to the first and second place teams. Medals will be given for individual excellence and the most outstanding individual debater will receive a $100 scholarship to Bates.

This following in the program of events:

Friday, April 12—9, Friday Round of Debates; 9:00, General Assembly. Announcement of the results of the first two rounds will be made and the teams eligible to compete in the finals.

Saturday, April 13—10, Second Round of Debates; 9:00, General Assembly. Announcement of the results of the second Round of Debates; 9:00, General Assembly. Announcement of the results of the second Round of Debates.

Frosh Plan Fashion Show For Betty Bates

Pres. Phillips Visits Alumni In Six Cities

Leaving the college today Pres ident Charles F. Phillips will begin a tour of visits with alumni in six cities. He plans to visit: Abilene, Burchett,阜阳, and Watling.

Bates, D. C. where he will remain for two days. Mrs. Phillips will accompany President Phillips on this tour.

Mr. Harry W. Stone, who left for New York on April 8 to attend an alumni meeting at the William Blount Hotel, will join President Phillips in Alumny.

President Phillips will take this opportunity of showing him to alumni meetings in the following cities:

Bates-On-The-Air

At Community Concert

On April 16, the Lewiston-Auburn College Club will sponsor an annual Guest Night at 8:00 in the Holbrook Street Congregational Church. Associate Guest speaker will be Mr. Eric F. Taylor.

Mr. Canham is considered one of the nation's leaders in the field of industrial relations. He is now editor-chief of The Industrial Science Monitor after serving as managing editor for the past six years. He was born in Maine, graduated from Harvard Little High School and from Bates College in 1915. He was an assistant to the world debater Bates. He spent three years at Oxford as a Rhodes scholar and headed the Monitor Bureau in Geneva. After his return to this country he was head of the Monitor Bureau from 1915 to 1919.

Piano, Twosyme Play at Community Concert

Two Apollon and Michael Fond at piano were the team who won the debate season of the Student Government slate of the Bates College Club. They will be there a year and a half. Among the women debaters we have Dorothy Butler '35, who was Phi Beta Kappa last year being their initial appearance.

By Ed Wild '48

Two more films will be presented this week end at the Memorial College Club. The series has been sponsored by the National Labor Relations Board and is being shown here as a part of the government's reeducation program for workers.

Among the women debaters we have Dorothy Butler '35, who was Phi Beta Kappa last year being their initial appearance.

Violation of Principles . . .

It would seem to us that our electoral system should be run on as democratic principles as possible. One of the prime fundamentals of a democratic election is a "two-party" system. On campus we have no political parties as such. But our aim is to offer to the student body at least two candidates for an office. When one of what is supposed to be a major organization on campus sees fit to put up only one person for the position of presidency it seems to us to be a deliberate violation of this democratic principle.

Perhaps this organization will claim that they cannot find another person on campus to fulfill its requirements. But of a student body of approximately 700 it seems odd that no one else can be found.

We are not here arguing for or against personalities for the office. We are merely trying to uphold the principle involved. While it is true that the Christian Association should have foreseen this and of course, their method of selection is a "one-man" system, there is no difference. The privilege is denied no one, the responsibility is not. The privilege is denied no one, the responsibility is not.

WAA Offers New Sports For Spring
WAA opened its early spring season last week with a new rota-
tion of sports. Backball is under the direction of Barbara Car-
ter will be played on Monday af-
fternoons at 4:30; Hiking and Hik-
ing is under the direction of Ro-
man Kammerer, while swimming is
organized by Ruth Moulton.
An innovation in the new bowl-
ing system. Formerly the girls bowled their free time by bowling with their own balls on Wednesday afternoon's
at the Bowlaway alleys on Middle
street In Lewiston. Each girl may
now have two alleys, and the WAA
pays for half the expense. Records of scores are being kept, and the high individual bowler with the
high score will be announced at the
end of the season.

The early spring season ends
May 12.

THE BATES STUDENT, APRIL 10, 1946
THREE

ONCE OVER LIGHTLY
By F. F. SMILEY, JR. '48
Someday overshadowed by
events of the past few weeks, the
truck men looking up from the
chance are of October. But the
season should come in for their
dose of athletic glory May till
when they increased their ability but
producing a more

Two of the four Maine colleges are in the throng of coaching
shaken-up these weeks. Bowdoin has acquired the services of former
major league pitching star "Dry" Whitney. Mackey is one of
the few ball players in major
league uniform to jump directly
from prep school to the big
league. — Dan Decker.

This new method of vision correction is smart, safe,
and practical.

The early spring season ends
May 12.
Prof's Son Returns As Physics Instructor

Back on campus this semester to work on the radio technicians training program, selected for his comprehensiveness and efficiency, is his father, Karl S. Woodcock, who joined the Bates faculty in 1940. This spring and last fall, Gene served as instructor in physics for the classes in physics major, Karl S. Woodcock. His son, Gene, a senior, is the department head, and the Bates graduates. Gene's and Carolyn's both, are Bates graduates. Gene and his wife plan to live in the Portland area near the physics center of the campus for three visits this spring. They have their headquarters there. Dick Woodcock '46 is a physics major, Karl E. Woodcock, Ph.D., is the department head, and new Gene Woodcock '46 has been added to the staff as instructor. And from all we hear from Physics people in the months of April, May, and June, it seems to Gene in the months of June and July, in July '44, he entered the Navy. He's completed his requirements for campus publicity. An interest feature of the College Dry Cleansing
