Bates Closes Debate Season With Win, Tie

Clyde Russell Speaks For FTA Meeting May 6

The new chapter of the Future Teachers of America was in session on Tuesday as a guest speaker at their meeting on the campus of Bates College. The speaker was Clyde Russell, a member of the faculty of the Oregon State University, and the topic of his address was "The Modern Painter." Mr. Russell handled his subject in a most interesting manner and was well received by the students who had the privilege of hearing him.

Mr. A. Morrison Speaks At Chapel

A. C. Morrison, professor at the Housatonic Realty Company, spoke at chapel on Wednesday afternoon. His subject was "The Future of the Automobile." Mr. Morrison is well known for his clear and concise manner of presentation and his address was received with great interest by the students.

High Prices Force Tuition Increase

President Charles F. Phillips announced that Bates College's students will be subjected to a tuition increase for the fall semester. The increase is due to the rise in prices that have been experienced in recent months. The increase will be effective September 1st.

Outing Club Plans Full Program of Activities

At last week's bicentennial meeting of the new Outing Club, plans were made for a full program of activities for the coming year. The club will be open house on Thursday, August 25, and will meet weekly during the semester. One of the main activities planned is a trip to the White Mountains, which will be open to all members of the college.

Dance Club Names Members Of Cast

In order to secure good casts for the May and June Dance Club concerts, a casting call will be held. All interested students are invited to attend.

Students Favor Long Vacation Week End

Glanz, Dworkin Speak In Chapel On Strengt of Student Rule

Last Thursday's chapel period student preference vote on an extended vacation week end revealed a pronounced preference for a longer vacation period. It is to have a full week and a half, beginning before Thanksgiving to the Monday after the New Year. Although there were only 152 registered students, the vote was over 50 to 50. The results were announced to the students who voted, 152, just a few hours before the meeting began. As a result, the students were advised to expect a long vacation period.

Students Meet To Revive "Buffoon"

A crucial meeting concerning the future of the punny "Buffoon," scheduled for tomorrow afternoon at 2:00 o'clock, has been rescheduled to next week. However, students interested in the revival are invited to attend.

Pres. Phillips Opposes Newburyport Plan

Stated his position clearly, Pres. Charles F. Phillips issued a statement opposing the proposed Newburyport Plan of 10 per cent price reductions by retailers to cut costs. He cited the need for higher salaries in order to maintain a sufficient number of college students. The plan was defeated by a vote of 152 to 50.

Bates-On-The-Air

Yesterday's Bates-on-the-Air show, sponsored by the Association of the Class of 1947, was broadcast from the President's House. Dr. George R. Foster, President, and Mrs. Foster were present and made a pleasant program.

Freshmen Beanie Return To Campus

The traditional return of the freshmen beanie to campus was observed on Friday, May 9th. The beanie was chosen by the freshmen and is worn as a symbol of their new status as students of Bates College.

Prof. Bertocci Speaks On Modern Art At Round Table Meeting

Last Friday night the Round Table of Bates College had a meeting on the subject of modern art. The speaker was Prof. Bertocci, a well-known art critic. He discussed the developments in modern art and some of the major artists of the present day. Prof. Bertocci's talk was received with great interest by the members of the Round Table.

Freshmen Beanies Return To Campus

The traditional return of the freshmen beanie to campus was observed on Friday, May 9th. The beanie was chosen by the freshmen and is worn as a symbol of their new status as students of Bates College.

Bates Closes Debate Season With Win, Tie

Bates has secured another victory in the debate season, according to the announcement made by Professor William L. Williams, head of the debate department. Bates won its last debate against Colby College, and the season has ended on a high note.

The debate was Oregon-style, with an outside guest speaker as technician. The debate was won by Bates, and the final score was 7 to 3 in favor of Bates.

The Future Teachers of America, the new chapter at Bates, has sent representatives to the national convention of the organization, which will be held in New York City in June. The representatives will have the opportunity to meet many of the leaders of the organization and to discuss the problems of the profession.

The debate season at Bates has been a success, and the students are looking forward to the next season with much interest.

AUTHORITY AND RESPONSIBILITY — SIAMESE TWINS

Ever since September 1946 that we know of and probably for an even longer time than that, the cries have been "take more authority and responsibility!

"Fair enough," you may say. "Let us try our own hands at it and see how it works." You may even go as far as to admit that the students have been shirking their duties, and so few students expressed their wishes about this matter that we would ultimately read.

The students were to be given a voice in making the calendar. They would vote on three alternative vacation proposals, and when the first is granted, the second must follow. Yet we have long shirked the other. In 1924, when the Student Government Association was re-established, a student called for a system of rotation, whereby the classes would elect presidents, and so on. Since 1924, the system has been shirked, and the students have been left to their own devices. But our shirking today is not the fault of all. Yet, once we admit that the students have been shirking their duties, we must also admit that they have been shirking their responsibilities, and that this is the fault of all. Therefore, we must be ready to admit that the students have been shirking their responsibilities, and that this is the fault of all.

ELIZABETH WHITAKER '48

Published weekly during the college year by the students of Bates College, under the supervision of the Granatra Press, Inc., at the Bates Press Office at Lewiston, Maine.

The Case

The question of next year's Thanksgiving vacation spot fights this. When the 1946 calendar showed a vacation of only one day, loud and strong complaints were made. When the tentative calendar for 1947 was released with the same arrangement, complaints were shirked. When the first is granted, the second must follow. Yet we have long shirked the other. In 1924, when the Student Government Association was re-established, a student called for a system of rotation, whereby the classes would elect presidents, and so on. Since 1924, the system has been shirked, and the students have been left to their own devices. But our shirking today is not the fault of all. Yet, once we admit that the students have been shirking their duties, we must also admit that they have been shirking their responsibilities, and that this is the fault of all.

Frank Mullens had been a baseball player for 11 years. In his signature year, 1943, Frank was converted to a pitcher. For the next seven years, he became a dominant force in the distance, amassing 1,300 strikeouts and throwing 25 no-hitters.

Several weeks ago, Branch Rickey, the Brooklyn owner, made a call from the General Manager of the St. Louis Cardinals. He wanted to know if Frank Mullens could be traded. The offer was rejected. Frank Mullens had been a dominant pitcher for the team since 1936.

The first pitch of the game was a fastball. The second was a curve, and the third was another fastball. Frank Mullens' control was perfect. He struck out nine batters in the first three innings.

In the fourth, Frank Mullens retired the first two batters. The third batter, Don Donahue, hit a single to center field. The next batter was Bill Davis, who hit a double to left field. The score was 1-0.

The game ended with Frank Mullens on the mound. He had pitched a complete game, allowing only one hit and striking out nine batters. The crowd gave him a hero's welcome as he walked off the field.

The game was played on a beautiful spring day, with the sun shining bright. The stands were packed with fans, all cheering for their favorite player. Frank Mullens was the hero of the day, and the crowd loved him for it.

Durocher Suspension Is Blow To Brooklyn

By Les Gerry

Usually Brooklyn is considered as a city of baseball's biggest disappointments. This has been proven true in many years of baseball. However, in 1947, Brooklyn has been able to win the pennant for the season.

Several years ago Branch Rickey, the Brooklyn owner, made a call from the General Manager of the St. Louis Cardinals. He wanted to know if Frank Mullens could be traded. The offer was rejected. Frank Mullens had been a dominant pitcher for the team since 1936.

The first pitch of the game was a fastball. The second was a curve, and the third was another fastball. Frank Mullens' control was perfect. He struck out nine batters in the first three innings.

In the fourth, Frank Mullens retired the first two batters. The third batter, Don Donahue, hit a single to center field. The next batter was Bill Davis, who hit a double to left field. The score was 1-0.

The game ended with Frank Mullens on the mound. He had pitched a complete game, allowing only one hit and striking out nine batters. The crowd gave him a hero's welcome as he walked off the field.

The game was played on a beautiful spring day, with the sun shining bright. The stands were packed with fans, all cheering for their favorite player. Frank Mullens was the hero of the day, and the crowd loved him for it.
